Senate-House Group Agrees On Compromise Farm Bill

Soil Bank Plan, Grain Provisions Are Approved

WASHINGTON (AP)—A compromise farm bill, carrying a proposed \$1,200,000,000 soil bank plan, was approved today by a Senate-House Conference Committee.

Sen. Ellender (D-La.) said the biggest trade in reaching the compromise was "the Senate dropped its provision that the soil bank need not be put in operation this year and the House agreed to take our feed grain provisions."

The House had voted for higher price supports for feed grains than had the Senate.

Ellender said "everything was harmonious" in the committee session.

"All conferees already have signed the report and I hope to get Senate approval later in the day if I can bring it up by unanimous consent," he said.

Asked if anything in the present bill might cause a veto, Ellender exploded:

"No, great God. No."

The new bill is a second try by Congress to work out an election year farm measure. A catch-all bill was vetoed by President Eisenhower on April 16.

A main objection by Eisenhower was that the measure would have junked the administration's flexible price support system.

Ellender and Chairman Cooley (D-NC) of the House Agriculture Committee and its conferees reported these agreements in the new version:

1. A directive to the secretary of agriculture to sell up to five million bales of government-held cotton on world markets in competition with other cotton producing nations.

2. A two-price program for rice that had been opposed by the administration when it was mandatory. The new version allows the secretary to accept or reject but it also prevents him from cutting back rice acreage eligible for price supports below this year's 1,652,000 acres for the next two years.

3. Elimination of soil bank payments or participation by grazing lands and other field crops, such as potatoes, as voted by the House.

4. A two-year freeze on the 17,400,000 acres of cotton eligible for price supports for 1957 and 1958 crops. Cotton allotments within individual states also could not be decreased more than one per cent during the next two years.

5. Elimination of Senate amendments that would have permitted sale of up to 100 million bushels of surplus wheat for low prices as live stock feed and also would have permitted wheat farmers to grow without penalty all wheat used on their farms.

Evans Property Is Purchased By School Board

The Sedalia Board of Education announced today the purchase of property on the south-east corner of Broadway and Lamine, familiarly known as the Evans' property.

Purchase of the property is part of a long range program of the board to provide for future needs of the school system. No definite plans have been made for the use of the property.

For the present time, the board will make a parking lot out of the property for the use of the school staff and the general public when it does not conflict with school parking.

Several residents close to the high school have complained of their driveways being blocked by students' cars. Therefore, the board decided to use the property for a parking lot until it was needed for other purposes.

Purchase price of the property was \$18,000.

It Happened Quickly

People are beginning to talk again about window fans and air-conditioning, and only a short time ago they were comparing notes on heating systems. The change has been pretty fast.

Partly cloudy tonight and Wednesday with scattered showers late tonight and Wednesday; low tonight in upper 60s; high Wednesday in mid 80s.

The temperature at 7 a.m. was 70; 91 at 1 p.m. and 93 at 2 p.m. Low Monday night 67.

The temperature one year ago today, high 78, low 62; two years ago, high 80, low 60; and three years ago, high 85, low 74, with .02 inch of rain.

Stage at Lake of the Ozarks 44.3 rise. 1.

TRUMANS VISIT POPE—Former President and Mrs. Harry S. Truman are shown with Pope Pius XII at the Vatican after Truman had a 15-minute private conference with the Pontiff in a precedent-breaking Sunday audience. Normally, the 80-year old Pope does not receive visitors on Sunday but an exception was made in Truman's case. (NEA Radio-Telephone)

US Presents Memo Issued By Caudle

In It He Refuses Any Responsibility For Trial of Sachs

ST. LOUIS (AP)—The government today introduced into evidence a memorandum in which T. Lamar Caudle, former head of the Justice Department's tax division, said it would "be sadistic" to prosecute tax evader Irving Sachs, an epileptic.

In the memorandum sent to Meyer Rothwacks, a Justice Department attorney, Caudle said there was evidence that Sachs, St. Louis shoe manufacturer, had "scores of convulsions" because of his ailment.

Caudle stated in the memorandum he would not assume responsibility for bringing Sachs to trial. On trial in federal district court here with Caudle on a charge of conspiring to defraud the government by fixing the Sachs tax case are Matthew J. Connelly, who was appointments secretary to former President Truman, and Harry I. Schwimmer, attorney for Sachs.

Caudle said in the memorandum the evidence was "overwhelming" that Sachs "is a very sick man." He expressed the opinion that an examination made by one physician at the request of the Justice Department was outweighed by reports from other doctors, some of whom were retained by Sachs. Sachs eventually was fined \$40,000 for tax evasion but escaped a prison sentence on health grounds.

Other evidence was presented by the government to show that the Justice Department tax division twice sent back to the internal Revenue Bureau the Sachs case referred to it for criminal prosecution.

Seven Denounce Civil Rights Effort—

Social Work Conferees Hear Warning on Agency Control

ST. LOUIS (AP)—The National Conference of Social Work heard a warning today that unless welfare agencies submit to voluntary controls which work to prevent abuses, the government eventually could take control of individual agencies.

W. D. Bryant, executive director of community studies at Kansas City, said yesterday that fund raising "even for so-called worthy purposes" can be infiltrated by the unscrupulous and glib.

He spoke at a panel discussion meeting. He said the government must protect its citizens and where excesses in a private field affect the public interest, the government will step in.

Bryant asserted fund raising should be in direct proportion to community need and a united fund is the best method of solicitation.

"Uncontrolled fund raising is wrongly justified," he declared, "on the premise that if people don't have sense enough to investigate where their money goes, they deserve to be victimized."

Another speaker, Telford Taylor, former chief prosecutor of the

Harriman Reported In Good Condition After Operation

NEW YORK (AP)—Gov. Averell Harriman was reported in "very good" condition today at Columbia Presbyterian Medical Center after a prostate gland operation.

The operation was performed yesterday by Dr. George F. Cahill. Harriman, who describes himself as an "inactive" candidate for the Democratic presidential nomination, is expected to remain in the hospital 9 or 10 days. He entered the hospital Sunday.

Youth Dies Of Injuries In Collision

Car, Motorcycle Hit West of Cole Camp Late Monday Night

Two youths were rushed to the Bothwell Hospital Monday night; one, Tommy Dieckman, fatally injured, and the other seriously hurt as result of a head-on collision between a car and a motorcycle, ½ mile west of Cole Camp on Highway 52. The accident occurred on a small bridge about 11 o'clock.

Dieckman, 17, the son of Dr. and Mrs. L. C. Dieckman, Cole Camp, died at 10:30 a. m. Tuesday. Dieckman was the motorcycle rider. He suffered a mangled left leg from the knee down, severe lacerations on the leg and foot. He also received an injury under his chin, a laceration on the forehead, and severe head injury.

His body was taken to the Eichhoff Funeral Home, Cole Camp.

Leonard Creek, Jr., 18, son of Mr. and Mrs. Leonard Creek, driver of the car was seriously injured, suffering a fracture of the left wrist and hand. He also received painful bruises on the arm and was in shock. His father operates Leonard's Service Station on South Highway 65.

Dieckman was riding his motorcycle east on Highway 52 while Creek was driving a 1949 Mercury sedan and headed west from Cole Camp enroute to his home.

Both were rushed from the scene of the accident in the Eichhoff ambulance and were given emergency treatment by Dr. D. R. Edwards and Dr. Donald C. Proctor. X-ray pictures were taken of Creek's injuries, but Dieckman was in such a state of shock he could not be x-rayed.

Creek, who was still conscious at the hospital, gave this version of the accident. "I was coming from Cole Camp and was having trouble with my voltage regulator. So I cut my lights 'as the moon was shining bright, just before I reached the bridge and on the bridge we collided. He must not have had his light on, on the motorcycle as I never did see him until we crashed. I guess it is the only thing it could be," Creek said.

Dieckman was thrown from his machine down an eight-foot bank and landed next to the fence line, striking a fence post. Creek was able to drive his car on across the bridge to the shoulder of the highway.

Creek got out of the car and rushed over to Dieckman's side and held his head in his lap until assistance arrived.

Both boys were alone when the mishap occurred. They were given emergency treatment at the scene by Dr. Harold B. Wackerle of Cole Camp and sent on to the Bothwell Hospital in the ambulance.

Mr. and Mrs. L. H. Boesch, Cole Camp, who had been in Sedalia, was enroute to their home and came upon the scene a matter of minutes after it had happened. They stayed at the scene until the boys were removed then picked up by Dr. and Mrs. Dieckman and brought them to Sedalia to the hospital.

Young Dieckman was a Junior in the Cole Camp high school, from which school Creek was graduated only a few days ago. The two boys were friends.

The left front portion of the automobile was badly damaged and the motorcycle was demolished in the impact.

Trooper Glenn Means, Warsaw, investigated the accident.

News Flashes

Cuts Foreign Aid

WASHINGTON (AP)—The House Foreign Affairs Committee voted today to slash more than a billion dollars out of President Eisenhower's \$4,900,000,000 foreign aid program.

Okays Highway Taxes

WASHINGTON (AP)—The Senate Finance Committee today approved \$14,400,000,000 in new taxes over a 16-year period to help pay for a vast roadbuilding program, and softened the tax impact on truckers.

Council Approves Budget, Gets Report on City Planning

FIREBALL INTO CLOUDS—As the stem of the mushroom begins to form, the fireball of the H-bomb rises behind a cloud formation during the first air drop by the United States of the nuclear weapon. The drop was made over Namu in Bikini Atoll, Eniwetok. (NEA Radio-Telephone)

May Invite Government Action—Most Judiciary Committee Members Back Ike's Bill

WASHINGTON (AP)—A majority of House Judiciary Committee members endorsed the Eisenhower Administration's civil rights bill today as an effort toward "the great American ideal of equality under law."

But seven Southern committee members—six Democrats and one Virginia Republican—denounced the bill as "absolutely shocking."

They said it posed a "Frankenstein" threat against state and local governments.

The majority and minority reports reflected deep differences over the volatile civil rights issue. The minority report was made public yesterday.

The bill, drawing more than usual attention this election year, was approved by the 32-man committee April 25. The vote count was not announced at the time.

The measure still awaits clearance by the House Rules Committee. Whether it will be sent to the House and win passage there remains to be seen. In any event, it is believed unlikely to pass the Senate, where Southern filibusters have doomed other civil rights measures in the past.

The bill's provisions, recommended by Atty. Gen. Brownell, include:

1. Creation of a special commission on civil rights, to be appointed by the President. Its duties would include investigation of charges that citizens are being deprived of their right to vote or put under economic pressure because of color, race, religion or natural origin. The commission would be armed with subpoena powers.

2. Setting up of a new civil rights division in the Justice Department to be headed by an assistant attorney general.

3. Power for the attorney general to take civil rights cases to court in civil, or "preventive," actions, regardless of whether the injured party has exhausted state court remedies first. Also, an individual who felt his right to vote was being curtailed or threatened could go to federal court without first exhausting state remedies.

Three Boys Sentenced To Boonville Terms For Assault, Robbery

Three youths were sentenced to indeterminate terms at the Boonville reformatory Tuesday in connection with the beating and robbing of W. C. Ewers at the Ewers Food Market, 323 North Engineer, about 5:30 p.m. May 2.

Two of the youths were charged with assault and robbing Ewers and the third youth was charged with conspiring to rob Ewers.

According to the police, two boys went into the store and struck Mr. Ewers, who is 75 years old, and then bound and gagged him. They took a five-dollar bill, ten one-dollar bills from the cash register and some change.

Testimony in the hearing Tuesday indicated the third boy had helped plan the robbery.

The three boys were picked up in the rest room of the St. Francis Hotel shortly after the robbery took place.

Showers May Break Spring Hot Spell

KANSAS CITY (AP)—A spring hot spell in Missouri may be broken in the north portion tonight by showers or thunderstorms.

Scattered showers or thunderstorms were also forecast in the central and north portions tomorrow. Tomorrow's high temperature are expected to be near 80 in the north and 90 in the south.

Employees' Salaries Up As of May 1

New Street Policy On Paving Is Given By Engineer Bishop

By D. KELLY SCRUTON

Monday night the City Council handled some of its most important business of the year when it passed the new merchant and other tax ordinances, set the 1956-57 fiscal budget, heard a new policy of the street and alley committee regarding streets, introduced for a first reading an ordinance redrafting the city wards and precincts, and accepted the final report of Hare and Hare, city planners, Kansas City, who recently completed an 18-month study of Sedalia's problems.

The budget as set by the city calls for an "across the board" raise of \$15 for all appointive officials and employees. The salary increases as to the various departments are: \$5.84 for the fire department; \$6.30 for the police department; \$8.10 for the public buildings; \$2.97 for the sanitation department; \$4.08 for the street and alley department; \$4.20 for the traffic department; and \$2.22 for the employees of the city offices. A total increase of \$22,644 for employees and an increase passed several weeks ago for elective officials amounts to \$6,600, or an overall salary increase by the city of \$29,244.

Anticipated revenue of the city as reported by City Clerk W. C. Ream as follows: property taxes, \$316,000; back taxes, \$23,000; corporation taxes, \$24,000; intangible taxes, \$7,000; telephone company franchise, \$22,000; Missouri Public Service Co., lights and gas tax, \$81,000; Sedalia Water Co., \$8,500; miscellaneous revenue, \$13,000; gasoline tax, \$50,000; merchant taxes, \$70,000; automobile license taxes, \$37,000; Crown Hill Cemetery, \$12,000; public parks, \$3,000; parking meters, \$48,000; cigarette tax, \$36,000; theatre tax, \$3,500; police fines, \$42,000; library income, \$1,000; airport revenue, \$1,500. Total, \$803,500.

Anticipated expenditures: fire department, \$89,300; police department, \$125,110; sanitation department, \$89,275; streets, alleys and traffic, \$139,095; salary account employees, \$36,180; contingent, \$45,970; public buildings, \$21,910; lights and water, \$57,600; parks, \$42,000; airport, \$8,000; cemetery \$14,000; library \$25,000; firemen's pension, 12,500; bonds and interest, \$94,470; total anticipated expenditures, \$800,410.

The breakdown in the monthly salary increases follows:

Police department—night chief of police, \$270; sergeants, \$235; 12 A-1 patrolmen, who have worked at least one year, \$240; patrolmen starting, \$220.

Fire department—chief of the department, \$400; assistant chief, \$350; captain, \$290; drivers, \$275; and firemen, \$260.

Sanitary officer and license inspector, \$310; milk inspector, \$225; street and sewer inspector, \$265; mechanic, \$245; mechanic's helper, \$225; disposal plant operators, \$225; city dump operator, \$225; drivers of garbage trucks, (4), \$215; helpers on garbage trucks, (4), \$200.

The first ordinance called for final passage was the tax and license ordinance. It repealed Ordinance No. 3720 passed by the Council in May, 1947, and enacted in lieu thereof a new ordinance levying a license tax on various objects, motor vehicles, occupations, professions, avocations, trades and businesses within the city. It also set up a penalty whereby every person, co-partnership, firm or corporation violating the terms and provisions of the ordinance upon conviction will be guilty of a misdemeanor and fined not less than \$10 nor more than (Please Turn to Page 9, Column 5)

Times are changing. A metropolitan opera star defends the "rock 'n roll" music. Story on Page 9.

State newspaper editors differ on which party will win in November. Missouri editors say the Democrats will win. Kansas editors say Ike will carry that state. Story on Page 2.

Mrs. Rudolph Swope

This spring in order that she can devote full time as director of the Crippled Children's Center.

Mrs. Swope was appointed director of the Center last fall, and she has been operating her kinder-

garten in the morning and then devoting the afternoons to the Crippled Children's Center, located in the Nurses' Home at Bothwell Hospital. This past school term, the Center has expanded to such a degree that Mrs. Swope felt she should spend her entire time at the Center. There will be a summer session at the Center again this year.

The Crippled Children's Center was originally founded and fostered by United Cerebral Palsy of Pettis County, Inc., but it was recently organized into its own unit under a separate corporation. Officers of the local organization of UCP, Polio, and the Crippled Children's Society were elected to administer the Center, with Mrs. Virginia Flower as its president.

The new organization recently provided funds to send Mrs. Swope to Purdue University between June 4 and June 15, where she will attend a workshop on "Psychology and Education of the Brain-Injured Child." At this school, Mrs. Swope will be taught how to bridge the gap between the cry and practice in the handling of children with handicapped conditions. Topics to be discussed will consist of development, perception, language, thinking, and behavior. Outstanding instructors from Purdue University and other schools will handle the course.

Kansas Editors Favor Ike—

Polled Missouri Editors See Democratic Win in November

KANSAS CITY, Mo. (AP)—Missouri claimed new attention today as a battleground in the presidential race with 13 of 17 newspaper editors reporting they believe the Democratic nominee will wrest the state from President Eisenhower in November.

Thirty-eight of 41 Kansas editors predicted Eisenhower will carry their state, two wouldn't.

Prefers Ike To Vacation In Lowlands

WASHINGTON (AP)—The White House physician says he would like to have President Eisenhower vacation this summer at a lower altitude than Colorado's.

"If it were left up to me," Maj. Gen. Howard M. Snyder said late yesterday, "I would be against going to one of the higher altitudes in this first year after the heart attack. I would prefer playing in the conservative side."

Snyder emphasized that neither Eisenhower nor anyone else at the White House has discussed vacation plans with him. He talked with reporters as Eisenhower played host on the White House lawn at the biggest reception in which he has taken part since his heart attack in Denver last Sept. 24.

The President and Mrs. Eisenhower each shook hands with 811 guests at their annual garden party for service veterans from Washington area hospitals. It took 45 minutes, and when the affair ended, Eisenhower remarked to Postmaster General Summerfield:

"This was the easiest of all these parties we've ever had." Eisenhower showed no outward sign of fatigue. Dr. Snyder said in advance of the reception that Eisenhower was in good physical condition and that all the handshaking would not tax his strength.

Reporters brought up the matter of vacation. One wanted to know how Snyder would feel about Eisenhower going back to Colorado, where he has vacationed the last four years.

In replying that he would prefer a lower altitude, Snyder said some doctors "think a high altitude is bad, and some don't." Eisenhower has left it up to the air, in talking publicly about the matter, as to whether he plans to return to Colorado.

More Mild Weather With Some Showers Seen for Most of US

By THE ASSOCIATED PRESS
More mild weather, with the possibility of showers in some areas, was the outlook for most of the nation today.

Temperatures were near summer levels in many sections. They were 60 degrees or higher this morning in most areas. Readings in the 70s were general in the southern half of the central part of the country and extended northward as far as Illinois and Kansas.

Cool weather was confined to small sections of New England, along the Pacific Coast and the upper Great Lakes region. Readings were in the 40s and 50s, with a low of 34 at Pellston, Mich.

Scattered showers and thunderstorms were reported in sections of the Rocky Mountain region, the southern and eastern parts of the Midwest, the lower Great Lakes region, and Northern Plains. Hail was reported at Findlay, Ohio, and Niagara Falls, N.Y.

Adlai, Estes Avoid Clash, Criticize Ike

MIAMI, Fla. (AP)—Sen. Estes Kefauver and Adlai Stevenson teamed up at the same microphone last night to whack at the administration, tiptoe around any personal clash and tell the nation why they want to be president.

Their offhand chat was an amiable renewal of campaigns they'll wage separately throughout Florida for the state's presidential preference votes next Tuesday. The prize is 28 ballots at the Democratic National Convention. A week later, in California, Stevenson and Kefauver again compete for 68 convention votes.

The Democratic rivals didn't really flare up once in their two-man political seminar. They did bristle a bit, with restrained politeness, on whether Kefauver has a record of absenteeism in the U.S. Senate.

Kefauver said he was a bit "shocked" that Stevenson had mentioned it some time ago. Stevenson said it was only in response to some questions and he was sorry if he had offended the senator from Tennessee.

Otherwise, persons looking and listening in on television and radio got a display of almost complete solidarity. The two were pretty much together in hopping on the administration's record on foreign and domestic affairs, and in saying what the Democrats ought to do on issues.

Here in race-conscious Dixie, they agreed that desegregation is the law of the land. They agreed that farmers and small business men need help, that Russia's announced decision to reduce ground troops should be taken with a grain of salt.

And they agreed that peace is the overriding issue of the times—that America must step forth as an effective world leader for peace now that she has dropped her first hydrogen bomb from an airplane in the Pacific.

Here and there the senator and the former Illinois governor diverged slightly—on halting additional H-bomb tests, for example—but more in degree than in substance.

Red Plane Becomes Standard Equipment For Middle East

CAIRO, Egypt (AP)—A Russian plane is rapidly getting to be standard equipment for Asian and Middle Eastern government heads.

The Egyptian government announced that the Soviet Union is giving Premier Gamal Abdel Nasser an Ilyushin 14, the two-engine propeller-driven plane which Premier Nikolai Bulganin and Communist party chief Nikita Khrushchev used for their Asian junket last winter.

B and K on their tour left behind Ilyushins as thank-you presents—one for Indian Prime Minister Nehru and another for Burma's Premier U Nu.

Pizza Pie Absorbs Shock of Boy's Fall

DETROIT (AP)—A large pizza pie cushioned the head-first fall of a 10-year-old boy from a moving automobile yesterday.

The youngster, William Sheldahl, was holding the Italian baked delicacy while riding with an older cousin, Thomas A. Esse. Esse made a sharp turn, the car door flew open and out toppled William—pizza and all.

He fell head-first, landed on the pizza and skidded across the paved street. His only wound was a bruised knee.

"I WON!"—Nurse Mary Louise Steinke, right, of Oakland, Calif., shrieks with joy after winning the election for president of the National Student Nurses Association. Sharing the happy moment is Jan McKinney, left, of Los Angeles. The election was held at the NSNA's 40th annual convention in Chicago.

Shotgun Blows Hole In Brink's Armored Truck, Injures Five

WHITE PLAINS, N.Y. (AP)—A shotgun blew a hole in the "armor plate" of a Brink's, Inc., truck yesterday when the weapon was accidentally fired by a guard inside the parked vehicle.

Five sidewalk strollers were hit by flying lead. Their injuries were not serious. The driver of the armored truck parked on a downtown street so he and two guards in the rear compartment could eat the lunches they carried with them. The trio had been picking up money for delivery to a bank.

One of the guards, John Healy of the Bronx, was munching a sandwich when a .12-gauge shotgun standing nearby started to fall. Police said he lunged for it and accidentally touched the trigger.

The blast tore a one-inch hole in the back of the truck. The pellets, one-fourth inch in diameter, hit most of the five passers-by in the feet or legs.

Labor-Management Panel Atomic Adviser Observes Birthday

WASHINGTON (AP)—Friends of Cyrus S. Ching, chairman of President Eisenhower's atomic labor-management panel, helped him celebrate his 80th birthday last night at a hotel banquet.

Among speakers lauding his role as a government mediator and labor relations adviser were Secretary of Labor Mitchell, union leaders John L. Lewis and William Schnitzler, and Vice President E. A. Stephens of U.S. Steel Corp.

Reach Agreement On Layoff Pay Plan for Seamen

NEW YORK (AP)—Labor and management representatives have announced agreement on a layoff pay plan for seamen.

The plan was announced yesterday by Joseph Curran, president of the National Maritime Union, and Ralph E. Casey, president of the American Merchant Marine Institute.

The plan affects 40,000 seamen working for 80 shipping companies. It provides for payments of \$30 a week for seamen not eligible for state unemployment benefits and \$15 a week for those who get state benefits.

The maximum period of coverage is three to five weeks, except for disability cases. A disabled seaman can receive the benefits for 13 weeks and also collect any other disability benefits he may be entitled to.

The program covers men laid off because their ships are laid up, sold, or transferred; men waiting to rejoin their ships after a disability leave; and men forced to leave a ship because of urgent family reasons or legal proceedings.

The plan is to go into effect June 16. It is financed by company contributions of 25 cents per man per day to a welfare fund. The employer contribution is expected to total \$1,800,000 a year.

Convinced Soviet Has Nuclear Peace Program

NEW YORK (AP)—The New York Times said today several U. S. scientists now visiting Moscow are convinced the Soviet Union has launched a nuclear energy research program for peacetime purposes that may outstrip U. S. efforts in that field.

In a dispatch from the Soviet capital, the Times said the Americans have come to the preliminary conclusion that Russia is shifting its intellectual resources from a military to a peacetime basis.

The Americans, who are attending an international atomic energy conference, were said to appear to believe without reservation that Russia now is second only to the United States in the

quality and quantity of mechanical equipment for its research program.

The Times said the views of the Americans were stated in interviews with Dr. Robert E. Marshak of the University of Rochester, Prof. Abram Pais of the Institute for Advanced Studies at Princeton, N.J., and Dr. Robert R. Wilson of Cornell University. The views were reflected in the opinions of other scientists in Moscow, the dispatch added.

The Americans quoted British and other foreign scientists as saying the equipment demonstrated by the Russians in the field of

high-energy physics was superior to that available in their own countries. High-energy physics is the study of subatomic particles accelerated by so-called atom smashers to very high energy levels.

PAUL ALPERT,
City Collector.

It's not unusual for repair bills to catch a family unprepared—and borrowing the necessary money is often a common and sensible solution.

In fact, nearly two million folks borrow money from Household Finance every year to pay medical bills, repair bills, travel expenses... the kind of expenses you may face yourself right now.

HFC loans are prompt and convenient. You can get \$20 to \$1000, usually in just one day. If you have a steady income, and can repay in regular monthly installments, you meet the principal requirement for borrowing at HFC. If you have a money problem, phone or drop by today!

Cash You Get	24 payments	20 payments	12 payments	6 payments
\$50	\$5.41	\$6.24	\$9.58	\$8.99
100	10.83	12.49	19.16	17.98
200	16.25	18.73	28.74	26.95
300	21.67	24.98	38.33	35.93
400	27.09	31.22	47.92	44.91
500	32.51	37.46	57.51	53.89

On loans of \$400 or less charges are 2.21% per month on unpaid balances. On loans above \$400 charges are 2.21% per month on the portion up to \$400 and 1.5% per month on the portion in excess of \$400, both portions repaid simultaneously.

Pilot Grove Couple Has 55th Anniversary

Mr. and Mrs. Albert F. Bren-
garth, Pilot Grove, were honored
on their 55th wedding anniversary
which occurred May 13.

They received many nice gifts
from their children. The gift table
was centered with a cake deco-
rated with white doves and in-
scribed in gold, "Happy 55th Anni-
versary." The cake was baked by
their daughter, Mrs. Henry Klus-
meyer, Boonville.

Guests were their children, Mr.
and Mrs. Henry Klusmeyer, Boon-
ville, and Mr. and Mrs. Arthur
Brengharth and two sons and one
daughter. Two sons, Albert Bren-
garth, Jr., Indio, Calif., and Jo-
seph Brengharth, Moberly, were
unable to be present.

NCO Wives Club Tour, Hold Social Session

The NCO Wives Club of White-
man AFB held two activities last
week. On May 15, 26 members
and guests went to Kansas City
to visit a television show.

On May 17 the group held its
regular social luncheon. After the
luncheon, plans for the next busi-
ness meeting were discussed. An
election of officers was held. A
contributive dinner was served at
noon and games were played.

Four new members joined and
are: Mrs. Ineko McWaid, Mrs.
Julia Kinton and Mrs. Betty Be-
dinka, Sedalia, and Mrs. Bal Sen-
gan, Knob Noster.

The next meeting will be June 7.

Guiding Star Chapter Has Farewell Party

The members of Guiding Star
Chapter No. 306, Green Ridge,
held a farewell party for Mrs.
Alvie Lett who is leaving to reside
at Bates City, at the home of
Mr. and Mrs. Glen E. Heck in
Green Ridge May 16.

The evening was spent in mak-
ing a scrapbook for Mrs. Lett.
Each member was asked to bring
material for a page along with
their picture. A poem written by
Mrs. A. N. Baker was read and
placed on the opening page. C.
H. Ward took pictures of the group
during the evening to be placed
in the scrapbook later.

A gift of jewelry was presented
to the honoree by the Worthy Ma-
tron, Mrs. Helen F. Davis from
Guiding Star Chapter.

During the evening Mrs. Davis
served refreshments to 18 mem-
bers and three guests. Mrs. E.
H. Boltz, Ionia, and Carol Ann
and Rita Ragar, Green Ridge.

Manila Homemakers Hear Various Reports

The Manila Homemakers met
May 16 at the community center
with Mrs. Hosford and Mrs. Mc-
Cune as hostesses.

Mrs. C. E. Carroll presided. The
meeting opened by repeating the
club collect and singing the song,
Mrs. Glen Hunter gave the devo-
tional.

Mrs. Earl Alfrey reported on
the food meeting and gave out
recipes. Mrs. W. M. Riecke gave
a report on the style show held
at the Fox Theatre.

A letter from county cancer
chairman was read as was a let-
ter from the dairy committee ask-
ing for cakes. Six cakes were
promised.

Eleven members answered roll
call with "Humor in the News."

The June meeting will be at the
community center with Mrs. Ella
Hoefner and Mrs. Riecke as host-
esses. A wiener roast for club
members and their families will
be May 24 at the center.

Hold Regular Meeting

The Prairie Hill Helping Hand
Club met May 9 at the home of
Mrs. H. R. Stephens. A contribu-
tive dinner was served at noon
to 11 members and three guests,
Mrs. Ruth Rimel, Mrs. Betty
Schroeder and Mrs. Doris Longie.

The day was spent making
towels.

The June meeting will be with
Mrs. Lydia Lemler.

Third.

The Oliver Steeds Have Farewell Party

Ollie and Berrie Steed with their
two children, Frances Kay and
Dick, had open house to bid fare-
well to Sedalia friends at their
house, 1208 West 16th, Saturday
evening. They are moving to St.
Louis after being in Sedalia for
seven years.

Steed is now comptroller and
administrative assistant to the
president of Mid-West Alisco, Inc.,
and its four affiliated companies.

Mr. and Mrs. Steed have been
active in church and music activi-
ties since being in Sedalia. Mrs.
Steed was organist at Broadway
Presbyterian Church and partici-
pated in music club programs.
Mr. Steed served on the board
of trustees of Broadway Presby-
terian Church and was president
for two years. He has also served
on the boards of the Sedalia Sym-
phony Society and Community
Concert Association having served
as treasurer of the latter for two
years. Both were active in the
Mariners group of their church
of which they are past Skippers.

Their new recently completed
ranch style home is located at
10424 Wisteria Lane, Sappington
Acres Estates, St. Louis 23, Mo.

Houstonia WSCS Hears Report on Conference

The WSCS of the Houstonia
Methodist Church met with a cov-
ered dish dinner Wednesday with
Mrs. Hall Walk with 15 present.
After dinner the president, Mrs.
Walk, presided at the business
meeting. The secretaries reported
on letters received. Mrs. Broadus
Wiley was program leader with
the following assisting: Mrs. Jo-
seph Jenkins, Mrs. Clinton Low-
rey, Mrs. Jack Morris and Mrs.
Earl Gregory. Miss Mary E. Teve-
baugh gave a report from the
conference in Kansas City. The
Rev. Harold Spiva installed the
officers for the coming year.

Improvement Club Views Wall Plaques

The Bennett Improvement Club
met Thursday, May 17, at the
home of Mrs. Louise Weller. Mrs.
Verdie Nations, president, opened
the meeting with the group re-
peating the Lord's prayer in uni-
son.

Mrs. Daisy Clinton gave the de-
votional. Mrs. Leola Wear read
the minutes. Roll call was an-
swered by 16 members with "My
Favorite TV Program." Miss
Quantie Chancellor was a visitor.

Mrs. Leola Wear and Mrs. Alma
Edna Elliott had the program.
Mrs. Wear showed the group how
to make wall plaques.

The next meeting will be with
Mrs. Bessie Beemer, June 21.

B. J. Homemakers Have Window Lessons

The Black Jack Homemakers
met at the home of Miss Anna
Schroeder May 16 with Mrs.
Charlie Schroeder and Mrs. Elmer
Bass as assistant hostesses.

Mrs. Lloyd Monsees, president,
presided over the meeting, open-
ing it with the reading of a poem
by Mrs. Kalo Eichholz. Roll call
was answered by 17 members with
"What Makes a Farmstead At-
tractive." The devotional was led
by Mrs. Charlie Schroeder.

Those attending the music festi-
val at Stover were Mrs. Russell
Estes, Mrs. Lloyd Monsees, Mrs.
Rance Hoeheis and Mrs. Ed Schlo-
bohm.

Mrs. Homer Hampy and Mrs.
W. F. Rages gave the lesson on
"Window Treatment." They told
three reasons to place curtains
or drapes on the windows, and
how to make pinch pleats, cafe
curtains, ruffles. They also told
how to select the best style for
windows in different rooms.

Mrs. Claude Page gave a report
on the Campbell Harrison House
in Columbia.

Mrs. Earl Gehrke joined the
club. Mrs. Kalo Eichholz led the
group singing. Club pal gifts were
handed out.

The next meeting will be June
20 at the home of Mrs. Eichholz.

Rebekah Circle Plans To Make Share Pack

The Rebekah Circle of the Im-
manuel Evangelical and Reformed
Church met May 15 with Mrs.
John Wilckens, Mora, with Mrs.
Otto Vagen assisting. There were
14 present.

Mrs. Garnett Balkley gave the
devotional. Mrs. Frieda Nelson
spoke on "Women of the Bible."

The business meeting was pre-
sided over by Mrs. W. G. Borne.
Articles of clothing were assigned
to members for a father, daughter,
son share pack.

Syracuse WMU Meets

The Syracuse WMU met Wednes-
day afternoon with Mrs. Leonard
Koenke as hostess. The program,
"Onward Christian Soldiers," was
presented by Mrs. A. M. Smith.

Visitors were: Mrs. Earl Steele,
Mrs. A. C. Thomas, Mrs. Bobbie
Thomas, Mrs. James Schroeder,
Mrs. Paul E. Stahl. There were
eight members present.

The June meeting will be with
Mrs. Harry Fowler.

DOESN'T WANT THE WORLD — Paula
O'Neill, 18-months-old daughter of Mr. and Mrs. Robert O'Neill,
is unhappy atop a world globe on arrival in New York aboard
liner Independence. Her father was Vice Consul at Bilbao, Spain.

Mrs. Rival Rhoades Hostess For Clubs

Mrs. Rival Rhoades was hostess
Friday at her home at Bothwell
Lodge to the three day circles
of the Women's Guild of the Im-
manuel Evangelical and Reformed
Church. A contributive dinner was
served on the lawn at noon to 41
members. Mrs. P. J. Flessa and
Mrs. Earl Eakins were assistant
hostesses.

Mrs. Hubert Smith, secretary,
acting as presiding officer, called
into session the Women's Guild

for the purpose of discussing the
Strawberry Festival to be held
in conjunction with the closing
of vacation church school June 15.
A worship service was conducted
by Mrs. George Young. The after-
noon topic was presented by rep-
resentatives of the three circles.
Mrs. Harry Williams and Mrs.
Liebel discussed, "Discipline of
Church Membership." The pro-
gram closed with a directed per-
sonal meditation led by Mrs.
George Mehan.

After the program, the group

Byberry Needleworkers Make Cancer Dressings

The Byberry Needleworkers
Club met Wednesday for an all-
day meeting at the home of Mrs.
Raymond Lenger. A contributive
dinner was enjoyed by eight mem-
bers and the following guests: Mr.
and Mrs. Earl Baslee and three
children, Atchison, Kan.; Mr. and
Mrs. Paul Lenger and two chil-
dren, Bunceton, and Mrs. Forrest
Lewis and two sons.

Mrs. Lenger gave the devotional
and Mrs. John Hardey led in pray-
er. The afternoon was spent mak-
ing cancer dressings.

The next meeting will be with
Mrs. John Hardey.

About Town

Mrs. Charley Jenkins, 209 West
Fifth, has gone to Tulsa, Okla.,
for a visit with her daughter, Mrs.
Charlene Burke.

Mr. and Mrs. Paul Munson and
son, Danny, of Redwood City,
Calif., concluded a three-week
visit Saturday with Mrs. Munson's
parents, Mr. and Mrs. C. A. Bleth-
roade, 423 North Summit.

Mr. Munson is an inspector for

United Airlines. The Munsons left
by airlines for their return home.

Mrs. Lewis Kell and Mrs. Lester
Hartscock arrived Saturday in Kan-
sas City from Los Angeles, Calif.,
where they were met by Mr. and
Mrs. Tom Dugan and Mrs. Roy
Stewart. They will visit their fa-
ther, Grant Potter, of near Bea-
man, and other relatives in and
around Sedalia.

Do FALSE TEETH Rock, Slide or Slip?

FASTTEETH, an improved powder to
be sprinkled on upper or lower plates,
holds false teeth more firmly in place.
Do not slide, slip or rock. No gummy,
gooey, pasty taste or feeling. **FAST-
TEETH** is alkaline (non-acid). Does
not sour. Checks "plate odor" (den-
ture breath). Get **FASTTEETH** at any
drug counter.

Husbands! Wives! Get Pep, Vim; Feel Younger

Thousands of couples are weak, worn-out, ex-
hausted just because body lacks iron. For new
younger feeling after 40, try **Ostree Tonic**
Tablets. Contain iron for pep, supplement
doses vitamins B₁ and B₂. In a single day,
Ostree supplies as much iron as 16 dozen raw
oysters. 4 lbs. of liver or 16 lbs. of beef. 7 day
"get-acquainted" size costs little. Or get Econo-
my size and save \$1.45.

In Sedalia, at Main St. Drug and
Crown's, also druggists everywhere.

YOUR EYES AND VISUAL FUNCTIONS

Congratulations are now going to graduates of our high
schools and colleges and these young people are ready to
enter various vocations of their choice. Almost without ex-
ception their work will require much use of eyes and vision
at near tasks, for modern work is done largely at near
ranges.

All of us who work in near centered vocations should
remember that comfort and achievement depend upon our
visual adaptation and readiness to accomplish this work
efficiently. Indeed, our success or failure at the work of
our choice may well be, and often is, determined by the
way our eyes and visual functions perform.

Another factor that should be of interest to all industrial,
vocational and professional workers is the simple fact that
only by careful, painstaking visual analysis is it possible
to determine whether or not one's eyes and vision are pre-
pared to do the work required of them. The visual screen-
ing done in schools, in many industries as new employees
are added, and as a requirement for a driver's license are
at best only screening tests.

Still another factor relating to eyes and vision that is
little understood is that change that takes place as time
elapses. Sometimes, and at some ages, these changes are
sudden and abrupt enough to make us aware of them. Very
marked changes can and do take place in our eyes and
vision, however without being noticed because the change
is gradual.

The Missouri Optometric Association brings these facts
to public attention in the interest of better, easier and more
efficient vision.

Lie Detector Is Exhibited To Rotarians

"The Role of the Lie Detector in Law Enforcement" was the subject of a talk given by Carroll S. Price, of the State Highway Patrol of Jefferson City, at the noon meeting of the Rotary Club Monday at Bothwell Hotel. The speaker was introduced by Bill Hopkins, program chairman.

The meeting was presided over by Del Heckart, president, and invocation was by the Rev. D. Warren Neal. Singing was led by Lawrence Barnett with Miss Lillian Fox at the piano.

Lee Dow made a short talk on the Dairy Day Festival to be held on Saturday, June 2. He stated that 3,200 tickets to the ice cream social had been sold.

Walter Shultz, a former Sedalian, now a banker in Cincinnati, O., and a Rotarian, was introduced and discussed some events of his boyhood days in Sedalia. He stated that it had been 50 years since his last visit to the old home town.

Jimmy Goodrich, son of Martin Goodrich, was selected by the club to attend Boys State in June. Jimmy met all the qualifications set up for attendance. This requires the boy to be an outstanding leader, who has completed his junior year of high school. He is carefully selected on leadership, scholarship and service.

Guests introduced by James T. Denny were: Lee Dow and Sgt. Van Winkle, guests of Del Heckart; Frank Maston, Pittsburgh, Pa., guest of Carl Balmer, Rotarians Walter Shultz, Cincinnati, and Fred Black, Cassville.

Roving Rotarians were O. W. Wiley, Clinton, and Dick Snow, Clinton.

Carpenter Claims Alliance Is Made To Obtain Hold

ST. LOUIS (AP)—A new three-man Democratic political alliance has been formed in an effort to "obtain a stranglehold on the state," says L. C. Carpenter, who is seeking the Democratic gubernatorial nomination.

Carpenter declared last night that James M. Pendergast and Richard R. Nagy have joined forces with John J. Dwyer in an attempt to create "a political dictatorship."

The state commissioner of agriculture spoke at his campaign headquarters to officially open his campaign.

Pendergast is a Kansas City factional leader, Nagy a Jefferson City banker and former Democratic state committee chairman and Dwyer is city treasurer of St. Louis and chairman of the St. Louis city Democratic committee. All three reportedly are supporting Lt. Gov. James T. Blair Jr. for the Democratic nomination for governor.

Carpenter also attacked the state public service commission for granting rate increases "virtually every time a public utility requests one."

He criticized the state tax commission for "always looking with disfavor" upon increasing the tax assessments of public utilities.

He urged legislation to supplement the proposed state funds constitutional amendment to insure "special interests will not be favored" in the distribution of state funds among banks.

Carpenter urged the people to vote for the amendment.

Measles Postpone Airlift for Orphans To New US Homes

TOKYO (AP)—Measles tonight postponed the airlift of 16 tiny Korean-American orphans to new homes in the United States.

One little girl turned up with the disease and doctors diagnosed two more "probable cases."

Two U.S. doctors said the cases were not critical but they ordered the tots isolated for at least 21 days.

The orphans—children of American servicemen and Korean girls—arrived last night by air from Seoul. World Vision, Inc., which supports 101 orphanages in South Korea, is sponsoring mass adoptions.

40 Students Injured In New Paraguay Riots

ASUNCION, Paraguay (AP)—The government disclosed last night that new student riots against President Alfredo Stroessner's regime erupted Saturday and were crushed by the police.

A government communique warned that anyone attempting to disturb public order would be arrested immediately.

In Buenos Aires, Justo Prieto, exiled vice president of Paraguay's opposition Liberal party, said 40 demonstrating students, including five girls, were injured by the police in the clash.

The Adco minors will practice Thursday at 5:15 p.m. at Smith-Cotton High School.

OBITUARIES

Thomas E. Gasperson

Thomas E. Gasperson, 2105 West Third, a motor car repair man at the Missouri Pacific shops a long term of years, died Tuesday morning at the company hospital in St. Louis where he had been a patient for practically a year.

His wife, Mrs. Della Gasperson, was with him.

Besides his wife, the survivors include two sons and two daughters.

The body is being brought to Sedalia by the McLaughlin funeral coach to be taken to the McLaughlin chapel to await completion of funeral arrangements.

Mrs. Grace Carr

Mrs. Grace Carr, 72, Pittsburg, Kan., died Sunday at the Mount Carmel Hospital in Pittsburg. She had been ill for four weeks.

Mrs. Carr was born at Sedalia, the daughter of Mr. and Mrs. H. L. Moore. She was married to Michael Carr, who died several years ago.

Survivors are three sons, four daughters, four sisters, six brothers and 13 grandchildren.

Funeral services were held at 9:30 a.m. Tuesday in the Catholic Church at Pittsburg. Burial was at Parsons, Kan., her former home.

Mrs. Mildred E. Whitfield Rites

Funeral services for Mrs. Mildred E. Whitfield, 54, wife of John B. Whitfield, who died at her home in Dresden Sunday afternoon, will be held at the Ewing Funeral Home at 2 p.m. Wednesday.

The Rev. Wesley Hampton will officiate.

Palbearers will be Joe, Richard, Linden and Fred Whitfield, Duward Edwards and Clarence Evans.

Burial will be in Dresden Cemetery.

Mrs. Whitfield is survived by: her husband, John B. Whitfield; one son, James, Whitfield, Dresden; one daughter, Mrs. Richard Mills, Dresden; three sisters, Mrs. James Ellis, Route 2, Mrs. Paul B. Zink, Sheridan, Wyo.; three brothers, Dennis O'Daniels, Jerome, Ida, Hugh H. O'Daniels, Kansas City, and M-Sgt. James M. O'Daniels, stationed with the Army at Bad Kretzer, Germany; and four grandchildren.

The body is at the Ewing Funeral Home.

82-Year-Old Woman Dies After Being Hit By Car on Highway

CARTHAGE, Mo., (AP)—Mrs. Laura Spencer, about 82, died in a Carthage hospital today shortly after she was struck by a car while she was crossing a highway.

Richard Wayne Gaba, 20, who was driving home to Chicago from Ft. Huachuca, near Tombstone, Ariz., told Sgt. Bill East of the St. Louis Highway Patrol he saw the woman running across the road but was unable to stop his car in time. No charges were filed.

Secretary Says Army Doesn't Want Feud

SEATTLE (AP)—The Army doesn't want to engage in any feuding with other United States military services, Secretary of the Army Wilber M. Brucker declared here last night.

Referring to reports from Washington that the Air Force has condemned the Army's Nike anti-aircraft guided missile as unsuitable for the defense of the nation, Brucker said at a news conference:

"I am not acquainted with any official Air Force position on this matter. I doubt very seriously if it had anything to do with the Air Force position."

The Army secretary emphasized the Army has been instructed from top to bottom "not to criticize any other service."

Brucker described the Nike as "thoroughly satisfactory and a great protection for the American people."

School Superintendent In Clayton Resigns

ST. LOUIS (AP)—John L. Bracken, superintendent of public schools in suburban Clayton for a third of a century, is resigning the post, effective July 15.

Bracken, whose contract was recently renewed by the Clayton School Board for a three-year period, said "I feel that I would like to devote more time to myself and my family."

He told the school board at a meeting last night that his resignation would "give the school board an opportunity to meet new problems in new ways."

Bracken, 64, who has worked to increase teacher salaries is a former president of the American Assn. of School Administrators.

Donnelly Signs Bill For Fuhon Hospital

JEFFERSON CITY, (AP)—Gov. Phil M. Donnelly has signed a \$2,753,000 appropriation for replacing fire damaged buildings at State Hospital No. 1 at Fulton.

The fire March 1 ruined the central administration building and severely damaged two wings. Attendants removed 700 mental patients from the threatened sections without injury.

Says Russians Use False US Passports

WASHINGTON (AP)—The House Committee on Un-American Activities reported today it has evidence American passports have been "an important instrument in the Soviet espionage operation" for years.

Chairman Walter (D-Pa.) said there has been a "skillfully organized Communist passport conspiracy by which party members and fellow travelers are enabled to travel abroad in the service of Soviet propaganda and subversion."

The committee will open hearings tomorrow on whether further legislation on issuance of passports is needed.

The committee listed its first witnesses as Willard Uphaus, director of the World Fellowship and executive secretary of the U. S. sponsoring committee of the Vienna peace conference in 1952; and William Wallace, an undercover agent. It identified Wallace as having been a member of the national board of the United Electrical, Radio and Machine Workers of America and secretary of the union's Dist. 4, comprising New Jersey and New York.

"The committee has obtained passport applications in which travelers have concealed their real destinations," Walter said. "The methods used to secure passports in many instances which have come to the attention of the committee, involve fraud, if not perjury. Beyond this, evidence received by the committee showed that American passports have for years been an important instrument in the Soviet espionage operation."

Labor Leader Demands Donnelly Action On Prison Program

ST. LOUIS (AP)—John I. Rollins, state AFL-CIO leader, today demanded of Gov. Phil M. Donnelly that he appoint members of the industrial advisory board to set up a state prison industries program, as required by a law enacted by the legislature nearly a year ago.

Rollins, president of the AFL-CIO Missouri State Labor Council, charged in a letter to the governor that the law is being violated because the bulk of materials now being manufactured by the prison industries is being sold in the open market, instead of to state agencies and other governmental units in Missouri.

The letter demanded to know why the governor hasn't appointed the advisory board 10 months after the law became effective.

Bandleader Criticizes Top Brass of Union

LOS ANGELES (AP)—Bandleader Bob Crosby says the top brass of the American Federation of Musicians have "forgotten the basis of all labor movements—social justice."

Crosby expressed the opinion in testimony yesterday before a congressional subcommittee investigating the union and its relations with its locals.

In a reference to the administration of Union President James C. Petrillo, Crosby said: "The essence of a union is democracy. There is no democracy if a union's voice is the voice of one man and if it expresses the will of only one man or a few men."

Milk Trucks Fight Fire

ALBANY, Minn., (AP)—Eight milk trucks, each loaded with 3,000 gallons of water, provided firemen with water to fight a blaze at a railroad overpass. The trucks hustled back and forth with their sloshing cargoes, keeping a supply of water available for fire engine pumping equipment until the flames were brought under control.

Police Court

Allen R. Carpenter, Rose Lake, Ida., charged with speeding 36 miles per hour in a 30-mile zone on North Grand at Henry, was fined \$10. He pleaded innocent to the charge.

Alvin E. Beale, 1602 Liberty Park Blvd., charged with speeding 40 miles per hour in a 30-mile zone, 24th and Clinton road, forfeited a \$10 cash bond. Radar checked.

John Edward Eggert, 2202 East Broadway, charged with making a U-turn at Second and Osage, forfeited a \$2 cash bond.

Leonard L. Tucker, Route 4, Sedalia, charged with parking more than 24 inches from the curb in the 100 block on East Second, forfeited a \$2 cash bond.

William Franklin, Malta Bend, charged with improper parking in the 100 block on North Ohio, forfeited a \$2 cash bond.

Reba Shoemaker, 114 East 13th, charged with improper parking in the 200 block on East Second, forfeited a \$2 cash bond.

Ross Mount, 2313 East Tenth, charged with running a red light at Third and Ohio, forfeited a \$5 cash bond.

William K. Mateja, 1422 South Carr, charged with running a red light at Fifth and Ohio, forfeited a \$5 cash bond.

VISITOR FROM RUSSIA

Metropolitan Nikolay, above, of the Russian Orthodox hierarchy in Moscow, will be among the delegation of Russian Christian leaders expected to visit the United States early in June for the second series of talks with U.S. Protestant leaders. Talks opened in Moscow when a National Council of Churches delegation visited Russian churchmen for 10 days in March.

BIG EATER—Hein Gilde, zoo attendant in Hamburg, Germany, feeds Gollath, two-ton sea elephant, some of the four buckets of fish required daily to satisfy its appetite.

DAILY RECORD

CITY HOSPITALS
BOTHWELL—Accident: Leonard Creek, Cole Camp; Tommy Dieckman, Cole Camp. Dieckman died at 10:30 a.m.

Surgery: Clayton Glasgow, 1603 West 20th; Mrs. Roy Gibbs, 1922 East Sixth; Glenn Lee Cromley, 1022 West 16th; Forrest Winston, LaMonte; Mrs. Paul Shultz, 520 North Quincy; Leslie Squire, Versailles.

Medical: J. H. Seaberg, 908 South Stewart; Louis Lippold, 1218 East Sixth; Ralph W. Dow, Route Four.

Tonsillectomy: Philip Jones, La Monte; Miss Connie Cripe, La Monte.

Dismissed: Mrs. Clarence Lyles, Knob Noster; Mrs. Leon Gerken, Mora.

WOODLAND—Surgery: Mrs. Ray Christian, 1731 East Sixth. Dismissed: Cleo Cecil, 1314 East 13th.

Police Reports

A prowler was reported at 508 West Fifth, at 9:47 p.m. Monday. Police made an investigation.

Two men were reported as having escaped from the guardhouse at the Whiteman Air Force Base. They were identified as David Haynes, 21, and Robert E. Dailey, 22.

It was reported to the local police one building was broken into and three .45 automatic pistols were stolen, along with 200 rounds of ammunition and two holsters. No trace of the two had been received up to noon, according to the police.

A back window at the Cal Rodgers Service Station, Fifth and Osage, was found open by the police at 10:08 p.m. Monday. It was closed by the officer.

A back window at the Martney Market, East 12th and Marshall, was found open by the police. There had been no break-in. The owner was notified.

Police Court

Allen R. Carpenter, Rose Lake, Ida., charged with speeding 36 miles per hour in a 30-mile zone on North Grand at Henry, was fined \$10. He pleaded innocent to the charge.

Alvin E. Beale, 1602 Liberty Park Blvd., charged with speeding 40 miles per hour in a 30-mile zone, 24th and Clinton road, forfeited a \$10 cash bond. Radar checked.

John Edward Eggert, 2202 East Broadway, charged with making a U-turn at Second and Osage, forfeited a \$2 cash bond.

William K. Mateja, 1422 South Carr, charged with running a red light at Fifth and Ohio, forfeited a \$5 cash bond.

A-lc Maurice Savoie, Whiteman AFB, charged with driving a car while under the influence of intoxicating beverages, failed to appear in police court and his \$75 cash bond was forfeited.

Stoney Wallington, Route 1, Sedalia, charged with careless driving from 14th to 22nd on Limit, going 65 miles per hour in a 40-mile zone, pleaded guilty and was fined \$30.

Fourteen overtime parkers who, guilty.

Says Britain Will Maintain Possessions

OLLERTON, England (AP)—Singing out Cyprus, Singapore and Aden, Foreign Secretary Selwyn Lloyd said last night Britain will not "cast away those overseas possessions which are vital to our strategic interests."

Such a course, he told a political rally, "would be a breach of faith with the rising generation."

He mentioned Cyprus, Singapore and Aden as "three such places in the news just at the moment."

The importance the British attach to Aden, a colony on the southwest tip of Arabia, was underscored over the weekend. Lord Lloyd, British undersecretary for colonial affairs, told the colony's Legislative Council no changes could be made in Aden's constitution because of its strategic and economic value to the commonwealth.

Talks on future independence for the crown colony of Singapore broke down last week in London. Britain has promised greater self-rule to Singapore but has insisted on control over internal security and defense of the naval base at the southern tip of the Malay peninsula.

On the Mediterranean island colony of Cyprus, Britain has been waging a 14-month fight against underground extremists fighting to end British rule and unite the island with Greece.

Lloyd told the meeting here Cyprus "is vital" to Britain for carrying out NATO responsibilities, "and also to enable us to maintain our position in the Middle East and to honor our great obligations there." Since the British began pulling out of the Suez Canal zone, Cyprus has become the headquarters for Britain's forces in the Middle East.

"Quite a lot of people even in this country," said Lloyd, "seem to think that these Cypriot terrorists are fighting the battle for freedom in a respectable and commendable manner."

"In fact the terrorists have not the backing of more than a tiny fraction of the population of Cyprus and most of their acts of brutality have been directed against their fellow Cypriots."

Lloyd also said he believes the danger of a Soviet attack is diminishing.

Kansas U. Students Stage Pantomime At Baker Dormitory

BALDWIN, Kan., (AP)—A sorority house was damaged and looting robes were torn off three coats last night in a midnight pantomime raid at Baker University.

Mrs. Ruth Latham, house mother of the Alpha Chi Omega sorority, called it a "disgraceful affair." She reported today that 80 to 100 men staged the raid and that she and highway patrolmen who helped to break up the affair believed the raiders came from the University of Kansas at Lawrence.

The girls had received a tip that a raid was planned. They telephoned fraternities on the Baker campus for help. Mrs. Latham said a number of fist fights broke out among Baker men students and the invaders.

At Lawrence, seat of the university, Dean Laurence C. Woodruff issued a statement which said: "We are ashamed that we must claim as students those who planned and participated in this shocking and inexcusable raid against a neighboring campus."

There was no indication immediately as the number of students who are "known to have participated," the dean said.

Law Enforcement Hampered by Failure Of Court to Agree

PHOENIX, Ariz., (AP)—Louis B. Nichols, assistant to FBI chief J. Edgar Hoover, says law enforcement is being hampered by what he terms the failure of the Supreme Court to agree on what constitutes improper search and seizure.

Nichols appeared yesterday on a panel on administration of criminal laws at the convention of the National Assn. of Attorneys General.

He said that out of 20 U.S. Supreme Court decisions on search and seizure in the past 14 years "in not one case has the decision been unanimous."

In 14 cases involving confessions, Nichols said, the high court was unanimous only once.

He said law officers face a frustrating task on these matters "when the court members themselves can't agree."

Near-Fathers to Have Luxurious Lounge

ST. LOUIS, (AP)—Smoky pine furniture, king-sized ash trays, a television set and record player, soft chairs and lounges and a color scheme aimed at instilling "calm repose" . . .

Interior decorator Roland W. Bauer, three times a father and a grandfather, was describing a "fathers' room" now being readied just outside a new maternity division at St. Luke's Hospital.

On one wall, Bauer went on yesterday, will be a street scene of early New Orleans.

failed to appear in police court forfeited cash bonds of \$1 each and 31 others paid the 25-cent fee.

Lucius Carter, 600 West Cooper, charged with improper parking in the 200 block on West Pettis, forfeited a \$2 cash bond.

County Court

A license to sell 3.2 per cent beer for one year was granted to the Houstonia Cafe Tuesday.

Magistrate Court

Lamar B. Josey, Whiteman Air Force Base, was fined \$100 and costs Tuesday on charges of not keeping his car under proper control. Testimony was given indicating driving while under the influence of intoxicating liquor. Josey pleaded guilty.

Alfred Thomas, Hughesville, was fined \$25 and costs and his fine was remitted Tuesday on a careless and imprudent driving charge resulting from an accident in Hughesville. Thomas pleaded

Claim Staked To Islands By Filipino

MANTILA (AP)—A Filipino staked claim last night to a scattering of uninhabited islands, coral reefs, sandbars and shoals across a vast stretch of the South China Sea.

His action caught international diplomats napping. It dumbfounded the embassy of Nationalist China—which has a prior claim to some of the islands—and left the usually loquacious Philippine government almost speechless.

Tomas Cloma, a former newspaperman and president of the Philippine Maritime Institute Nautical School, not only claimed the empire of about 70,000 square miles west of the Philippines; he even bestowed new names on 53 of the islands, islets, reefs and shoals. Think of the headaches of map-makers if Cloma's claim is recognized.

"This claim is based, on the rights of discovery and—or occupation," Cloma's notice said. He expressed hope that the Philippine government "will in due time officially sponsor" his notice of ownership.

The claim roughly covered an area west of the southwestern Philippine island of Palawan. The latest National Geographic map describes it as "dangerous — unsurveyed."

"This territory is composed of islands, sand cays, sandbars, coral reefs and fishing grounds with a total area of 64,976 square nautical miles," Cloma's notice said.

Cloma set out last March, landed on Itu Aba, largest of the group, and some other islets, shoals and reefs and staked out his claim. He didn't disclose what he plans to do with the islands. However, they include some fine fishing grounds.

A Foreign Office spokesman declined to say whether the Philippine government would initiate any formal action.

Vice President Carlos P. Garcia stressed that the Cloma expedition was private and did not have the sanction of the Foreign Office. But he added he did not see any reason why the islands shouldn't become Philippine territory eventually "by virtue of occupancy and proximity."

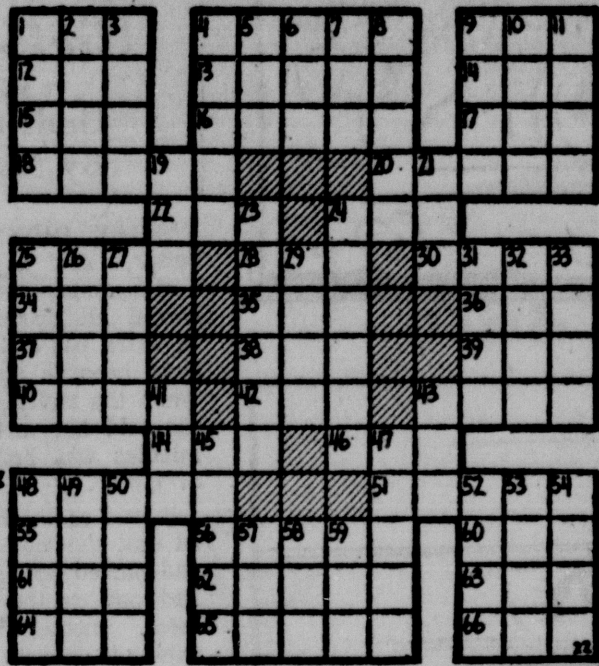

Garcia also is foreign secretary. His statement sounded like an invitation for Cloma to move in and see what happens.

The Chinese Nationalist Embassy mounted a rush consultation with the home office. It was some-

what vague about the present status of the Spratly Islands—part of the Cloma claim—which once were in dispute between China and France. China claimed them as part of Kwangtung province, France occupied the main island, Spratly, between 1933 and 1939. During World War II, Japan used the Spratlys as a submarine base and communications center. Spratly Island, 500 yards long and 300 yards wide, is occupied now by sea birds and turtles.

Women Are Surprised When Firemen, Police Appear on Rooftop

MONTGOMERY, Ala. (AP)—When three young women went out on the roof of a downtown building yesterday to eat their lunch, they hardly expected to see firemen spreading nets and running up ladders.

And they were somewhat surprised when Police Commissioner Clyde Sellers leaped from a staircase to try to stop a woman who had been reported about to jump.

Fire Chief R. L. Lampley concluded that someone saw the luncheon party from a nearby building and jumped to the conclusion that someone was going to jump.

Refugee Woman Wades to Her Death

WEST PATERSON, N.J. (AP)—A 40-year-old Russian refugee woman an her infant daughter in her arms waded to death in a pond yesterday.

The bodies of Mrs. Rosa Thorndat and 4-month-old Futmat Thorndat were found after the woman's husband Boris returned home from work and reported them missing.

Passaic County park police said Mrs. Thorndat left a suicide note to her husband saying:

"I am taking with me, Futmat. My heart is very weak. I don't want to live more in this world."

Police said the note absolved her husband of any blame.

British Queen Gives Extension to Canada's Governor General

OTTAWA (AP)—Vincent Massey, a leading exponent of Canada's culture and way of life, was given a new lease today on his job as governor general.

Prime Minister Louis St. Laurent announced Queen Elizabeth II had approved a one-year extension—until the spring of 1956—of Massey's term as her representative in Canada. His regular five-year term ends next February.

THE SEDALIA DEMOCRAT—Sedalia, Mo., Tuesday, May 22, 1956 5

Now 69, Massey is the first Canadian-born governor general. A native of Toronto and a brother of actor Raymond Massey, he retired from his family's firm manufacturing farm implements in 1925. Subsequently he served as Canadian minister to the United States and later as Canada's high commissioner to the United Kingdom.

Shoes, stockings, gloves and flow- ers are among those things bought to go with the gown and they should be carefully matched and selected.

Adults See Big Spiders, Too

"Oh, Mom!" screamed Johnnie running into the house. "I just saw a spider out in the yard as big as a saucer."

Of course mother didn't believe that because she knows children are prone to exaggerate. But how about adults—aren't they jugglers of the superlatives, too?

For instance over the week end in six various social groups there was conversation about Sedalia's radar speed check. A stranger listening in would have walked away convinced Sedalia police had established an inquisition and kangaroo court against speeders. Yes sir, there was a spider in the street as big as a saucer, the terrified adults reported.

Hundreds of people were being arrested in willy-nilly fashion for speeding? If this kept up business was going to the dogs? Something must be done to protect the innocent safe drivers who only violated the speed laws by going 6 to 10 miles over the zone speed limits.

Hundreds were being arrested!! All you had to do was read the police column of the newspaper's Daily Record. We checked. There were certainly a lot of names, but not hundreds. So to be sure we checked the police department records. A story about this appeared in Monday night's Democrat. Over a ten day period there were only

80 arrests for speeding by use of the radar system. Seven fines were \$20 each and 73 were \$15 each; none in the category were \$50 or \$75 as rumored.

The exaggerated report that hundreds were being arrested was caused on one day—May 4—when 28 persons were given radar tickets. On other days arrests were two, three or five.

Wild-eyed rumors that the police had become radar ticket-happy were incorrect. But the newspaper reports of police activity certainly made a transformation. Almost anyone driving on Sedalia streets the past ten days would readily admit the traffic pace has slowed down as drivers of automobiles responded voluntarily to observe the speed zone regulations as posted.

This is a good thing, not only for Sedalians, but for our rural trade territory friends coming to town. Heretofore the visitors were at the mercy of traffic moving too fast. But since there has been a slowdown the farmers have a chance to get downtown without having their fenders bent by the Sedalia eager beavers always too much in a hurry heretofore.

We believe the police department's educational program to slow down the speeders in Sedalia is a protective measure not only for those home folks, who drive reasonably, but as a protection for those Central Missourians who come here to do their shopping.

Washington Merry-Go-Round—

Restless Texas Democrats Meet in Dallas

By DREW PEARSON

WASHINGTON—Some interesting things may happen in Texas today when Texas Democrats, fresh from trouncing Gov. Allan Shivers, gather at their state convention.

Though their vote against Shivers was hailed as a vote of confidence for Sen. Lyndon Johnson, now Texas' favorite son, actually there were some significant backstage factors that may cause ripples of dissent. That's why the astute Lyndon flew back to Texas.

Real fact is that the Texas vote was more a victory for venerable Speaker Sam Rayburn, political patron saint of Texas, than anyone else. Sam had never wavered in his opposition to Shivers. Lyndon had.

In 1952, at the Democratic convention in Chicago, Governor Shivers had given his word to Rayburn that, if given a seat at the convention, he would support the Democratic ticket there chosen. It was the likable Lyndon who brought his friend Allan to Rayburn's room in the Blackstone Hotel and told Sam that Allan could be trusted.

Rayburn did trust him. Whereupon Shivers bolted the ticket, and carried Texas for Eisenhower.

Sam Rayburn has never forgiven him for that and never will. He, Rayburn, proceeded to stump the state of Texas for Stevenson, in opposition to the man who had broken his word, while his young protege, the likable Lyndon, kept aloof. Lyndon made one radio broadcast over his wife's radio station for Stevenson. That was all.

Meanwhile, Rayburn, aged 70, traveled all over the state. Later he raised money at \$10-a-plate dinners. Other loyal Democrats joined him, but not Lyndon.

Secret Friends

Lyndon and Shivers, meanwhile, remained friends. And when the Southern Governors' Conference met in Boca Raton in 1954, Shivers had a secret talk with his fellow Dixiecrat governor, Jimmie Byrnes of South Carolina, in Byrnes's room in which he, Shivers, proposed that the South support Johnson in 1956 as its favorite son.

Governor Byrnes's reaction was brief and to the point. "An upstart and a whippersnapper" was what he called the Democratic leader of the Senate.

Later, when Shivers came to Washington for the Governors' Conference of 1954, it was his friend Johnson who arranged a breakfast for him with the Texas congressmen. It was cordial and congenial, except for one thing. Shivers made no headway with Speaker Rayburn.

Mr. Sam's motto is: "If a man goes back on his word, never trust him again." He would have nothing to do with Shivers.

However, private meetings between Shivers and Johnson continued. The likable Lyndon believes in compromise. He likes to get along with people. When Johnson would come back to Texas, Shivers would slip out of the capital and go to visit Lyndon at his ranch 65 miles out of Austin. They worked together on a lot of things, including the selection of I. A. Gov. Ben Ramsey, satellite of Brown & Root, as Democratic national committeeman.

It was not surprising, therefore, when Lyn-

don tried to patch up a compromise with Shivers before the recent Texas conventions. Few people knew it, but he even proposed that Shivers be a delegate to the Chicago convention. Mr. Sam, however, said no. Reached by Lyndon on the telephone at Bonham, he stormed very positively in the negative.

That was that.

Johnson in Reverse

At an April meeting at the Johnson ranch, Lyndon sat down with the Rayburn loyalists, the Democratic advisory committee which had held the party together for three years, and made a bargain as to what would happen if the loyalists won. The following was agreed:

1. Democratic party officers must sign a new pledge to support the party. Old officers who had not been loyal must go.

2. The Democratic caucuses of each congressional district would pick its delegate to Chicago without outside interference or dictation.

Shortly after the victory, however, it became evident that Johnson did not agree with what had previously been argued.

First, his leaders demanded the right to veto any delegate not personally acceptable to him. In other words, the pledge of outside interference was thrown overboard.

Second, his leaders want to retain some of the old Shivercrats in key positions, though requiring them to take a new pledge of loyalty.

They also proposed Mrs. Lloyd Bentsen, wife of the ex-congressman, as Democratic national committeewoman, even though she supported Eisenhower and though her family arranged that famous \$425,000 land-deal profit for Shivers in the Rio Grande Valley. Failing her, Lyndon is for Mrs. Max Brooks, who also refused to support Stevenson.

Lyndon also proposes his former assistant, John Connally, as Democratic national committeeman, though Connally was one of the most brazen lobbyists in Washington for the natural gas bill. He worked with Elmer Patman of Superior Oil who financed the \$2,500 offer to Senator Case. The fact that he was Johnson's former assistant was one reason Johnson rushed in to kill any real investigation of the gas lobby.

Sam Rayburn has such a deep affection for his protegee Lyndon that he will stick with him through thick and thin. However, other Rayburn loyalists don't feel too happy as they gather in Dallas.

They, and they alone, with no help from Johnsonites, carried Harris County (the city of Houston) which has 15 per cent of the vote of Texas. The Johnsonites didn't carry a single precinct. The loyalists also carried Tarrant County (Fort Worth). In 40 other Texas counties, the loyalists passed watered-down resolutions expressing dubious support for Johnson.

Lyndon Johnson will emerge from the Texas convention the favorite son of Texas all right, but behind the scenes there will be smoldering opposition—not from Shivercrats, but from those who consider Lyndon too much like Allan Shivers.

Hailstorms in the United States may cause several times as much damage as tornadoes during the year.

Port Royal, Nova Scotia, settled in 1605, was Canada's first permanent settlement.

Thought for Today—

The sun and moon stood still in their habitation; at the light of thine arrows they went, and at the shining of thy glittering spear.
—Habakkuk 3:11.

But who with filial confidence inspired,
Can lift to Heaven an unassuming eye,
And smiling say, my Father made them all.
—Cowper.

Four things a man must learn to do
If he would make his record true:
To think without confusion clearly;
To love his fellow-men sincerely;
To act from honest motives purely;
To trust in God and Heaven securely.
—Henry Van Dyke.

Strip Tease

The World Today—

Unpredictable Future Stirs Conflict

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—It must have been those fellows downstairs.

That was the gist of a news conference at which the very highest brass in the Pentagon yesterday got together to play down reports of conflict among the armed services.

Over the weekend some newsmen obtained documents indicating the disagreement among the Army, Navy and Air Force on the part each thinks it should play in any future war. This was a fire Secretary of Defense Wilson wanted to put out in a hurry.

He conceded as much. He said reports of conflict "can become serious matters." To show everything was in harmony at the highest military levels he called a news conference in the Pentagon Auditorium.

He was flanked on both sides by the civilian secretaries of the Army, Navy and Air Force and by the chiefs of staff of the three services, resplendent in uniforms, brass buttons and ribbons.

Who wrote the documents, from which the news stories quoted, indicating disagreement among the services. Those documents showed the Army critical of the Air Force and the Air Force critical of the Navy and the Army.

Not the chiefs of staff. They didn't do it. They said so. They said they didn't have any basic disagreements. Well, then, who wrote the documents?

Wilson said they were the work of men lower in rank than those around the table. They were, he said, "staff papers that reflect the

view of individuals who worked on them and not necessarily the approved policies of the services."

No one indicated any desire to punish any of those people downstairs for letting the cat out of the bag. They indicated it was not really a full-sized cat.

A congressional investigation, where each of the secretaries and chiefs of staff could be quizzed separately, might reveal more than came out of the news conference yesterday.

Nevertheless, this seems clear enough from as much of the conflict as has been disclosed: The world is entering a period when even the best military minds can't be sure what form a future war will take. That was plain enough before this new public disagreement.

The emphasis right now is on air power, nuclear weapons and missiles. If the United States and Russia reach a point where they could destroy each other—with air power, nuclear weapons and missiles—they probably won't start that kind of war on each other.

But just to discourage each other

from starting such a war they will have to retain big air power, nuclear weapons and missiles into the foreseeable future as a deterrent.

And to be sure neither side will develop something so new and devastating that it might win a war if the other side didn't have it, both sides will have to keep on developing more powerful and terrible weapons.

This doesn't rule out war altogether. If there is an air-nuclear-missile stalemate, there may be smaller wars—like Korea—where the big powers hold back on the all-out weapons, for fear of retaliation, and use the conventional kind.

In that kind of war the Army would probably have to be bigger than it is now. Or would it? Or if one side started the small war would it do so with a willingness to make all-out war if it started to lose the small war?

The Pentagon brass may be in agreement on the plans they make for a while but they can't be any more sure of the future than a civilian.

Dr. Jordan Says—

Insects, Particularly Flies, Endanger Human Health

By EDWIN P. JORDAN, M.D.

World Health Day this year was celebrated on April 7, with the theme "Destroy Disease-Carrying Insects."

I have delayed discussion of this important event and even more important objective because insects do not become a "biting" issue in most parts of North America until later in the season.

It has been estimated that in actual body mass, insects in the world would out-weigh all mammals including human beings.

In seeking food, insects acquire infections and pass on to us, and to many animals, a host of diseases including malaria, plague, sleeping sickness and yellow fever. Some insects spread such diseases as dysentery and cholera by carrying germs to our food or drink.

In the campaign against dangerous insects the World Health Organization, which is the medical arm of the United Nations, is extremely active. In North and South America this work is done by a regional branch called the Pan American Sanitary Bureau.

It is not possible, in a brief discussion, to even mention all of

the insects which are dangerous to human beings.

However, first in rank is the mosquito spreading malaria. The campaign against this killing insect has been enormously aided by the discovery of such insect poisons as DDT. Already more than 230,000,000 people have been protected against malaria although 370,000,000 still remain exposed.

To get an idea of the immensity of this problem I shall use figures from the World Health Organization.

The world toll of malaria cases has been estimated at 300,000,000 every year. The annual number of deaths is 3,000,000.

The disease also cuts down agricultural production and prevents the development of fertile land. When malaria can be overcome the economic rewards from better health are tremendous. For example, Ceylon was able to bring under irrigation more than 206 square miles of previously uninhabitable jungle and to establish 91,000 landless people in 26 new colonization schemes.

One important insect-borne disease is African sleeping sickness carried by the tsetse fly. In the territories afflicted millions of people are in danger. In Uganda, it

As Sedalia Sees It—

Congress May Provide Less Expensive Housing for Aged

By MAURICE G. BOEHL
Of Our Washington Bureau

WASHINGTON—The elderly are expected to get a break from new housing proposals in Congress.

In the Senate, a bill containing "elderly housing" has just been approved by the Banking and Currency Committee. In the House, two bills containing similar provisions are being considered by the House Banking and Currency Committee.

All three bills vary only in the details of what should be done to help older citizens obtain adequate housing. The objective is to make it easier for elderly people to buy or rent housing and provide more low rent housing units for them.

The Senate bill is considered the most liberal. It allows mortgage insurance up to 100 per cent of the value of the house and makes insurance available to both private builders and non-profit organizations.

A new feature included in the Senate bill allows friends or relatives to make the required down payment on houses, contribute toward the rent, or assist in meeting equity requirements.

The Senate bill also authorizes 15,000 low-rent public housing units for elderly persons for each of five years, specially designed for persons over 65.

Single persons over 65 years of age would also qualify for federal insurance aids in housing.

What ever compromise is reached between the two bills in the House and the Senate bill, the result will be more and less expensive housing for the elderly.

One member of the House Committee flatly stated the mail indicates more public interest than any other issue before Congress. He also predicts House and Senate will pass a bill with a substantial framework for caring for the housing needs of the senior citizens of this country. In one O'Hara (D-Ill.) received a petition with 5,000 signatures.

Democrat Pick-Ups

Odds and Ends
By News Staff

"THEY DIDN'T give me any butter," said a young woman at a club dinner one evening, as she looked all around the table for an extra pat of butter that should have been in front of her plate. When the waitress came in again she told her and in a matter of minutes was brought another pat of butter.

It was as the dinner was finished that the woman reached down and picked up her purse that she had put on the floor during the meal. Another woman saw her wiping it off with vigor and asked: "What is the matter with your purse?"

"Oh," said the first girl embarrassed, "I found my pat of butter." She had laid her purse down on the butter and it stuck, then she put it on the floor without noticing and it wasn't until she picked it up that she found the pat of butter and the tiny paper plate on her purse and the butter liberally smeared.—H.L.

Thinking It Over

By Robert L. Diefenbacher, D.D.
There are so many cars on the highways that driving is not as pleasant as it used to be.

In spite of the accidents we read about, driving has become safer as the years have passed. Safety glass, steel tops, safety belts, four wheel brakes, stop lights and scores of other innovations have done much to protect life and limb.

It is not the danger of the highway that it is so disturbing. The upsetting factor is the people behind the wheels and the assistants in the back seats.

Many people feel that other folk should stay at home. Some drivers who are otherwise normal men and women become aggressive and dictatorial when traffic gets heavy.

Something strange happens to a lot of people when they begin to command a powerful motor. They want to step on other people when they are deterred from stepping on the gas. Have you ever noticed that the "other driver" is always wrong?

The Golden Rule seems to have been left at home in the haste to get moving on the crowded highways. There are so many gadgets and flashing lights on the dashboard now that it could do little harm to add one more.

A flashing neon sign could remind us that the other fellow is a child of God and that he has as much right to be on the highway as we do. Pray that God will hold your tongue. The other driver is also a child of God.

Grable Meets Joe Dusek On Tuesday Card

Dr. Lee Grable, the Los Angeles wrestler-hypnotist who amazed more than 1,000 wrestling fans here last week by his sensational demonstration of mass hypnosis, will now attempt to gain possession of the coveted Missouri state heavy-weight championship trophy.

Following his impressive victory over Martino Angelo, the Ohio bad man of madom, Dr. Grable issued an immediate challenge to Joe Dusek for a state title match.

Gust Karras, matchmaker for the American Legion, supported the doctor in his challenge request and Dusek reluctantly accepted the defy and has agreed to put his title on the line in the featured match for next Tuesday night's card in the Sedalia Armory.

While he's one of America's leading practitioners of hypnosis, Dr. Grable also has shown to the Mid-Western mat patrons that he's an equally clever wrestler, too.

"One of my chief objectives since opening my campaign in Missouri is to take over possession of the state title," Dr. Grable commented. "I am confident that I will receive the support of the majority of the Sedalia fans in my effort to dethrone Dusek in the May 29 title match here."

The challenger has indicated that he's ready to cope with any roughing measures that Dusek may attempt to employ. "I'm fully aware of the roughhousing reputation of both Joe Dusek and his other brothers and I will be ready to meet any roughing measures with equally rough counter-attacks."

The keen rivalry existing between Richard Brown and Bob Orton will flare up anew in next Tuesday's semi-windup when the two Kansans collide in a best-of-three falls encounter. Both Brown and Orton are claiming the Kansas state title. Previous matchings between the two Jayhawkers have failed to produce an outright winner.

Brown made a big hit with the Sedalia fans during a previous appearance in the Armory. He will be able to match pound for pound with his intra-state rival.

Popular Jim Doble of Independence, Mo., will face a solid testing in the opener when he matches grips with Jack Hader.

Next Tuesday's matches will wind up the indoor season here. Tickets have been placed on advance sale at the Pacific Cafe and the Midway Shoe Repair shop. The matches will start at 8:15 with the Armory doors and box office opening at 7:15.

Swim Classes Begin June 19 At Hubbard Pool

Red Cross swimming classes will start June 19 at Hubbard Park Pool and continue for six weeks, according to Henry Sutton, chairman of water safety. Cards will be distributed at school this week or may be obtained at the Red Cross office, 112 West Fourth. Registration closes June 14 and cards must be turned in to the Red Cross office by that date. Christopher Morehead and Julian Riding will be the instructors.

Due to a change in policy, there will be a pool fee of 75 cents, unless the swimmer has a season ticket to the pool. It is necessary to make this charge to offset the operating expense of the pool. These tickets may be secured at the pool. There is no charge for the swimming classes.

Classes will be held Tuesday, Thursday and Friday mornings, with each age group to come one morning a week, rather than three times a week as they had in previous years. Classes will be as follows: Tuesday, 8:30-11:30 a.m., for 8-year-olds, or if they have completed the second grade; Thursday, 8:30-11:30 a.m., for 9 and 10-year-olds; Friday, 9-11 a.m., for those 11 years and older, including adults.

The Montreal Canadiens, winners of the Stanley Cup, placed four players on the National Hockey League all-star team.

LODGE NOTICES

Job's Daughters, Bethel No. 15, will meet at the Masonic Temple on Wednesday, 7:30 p. m., for regular meeting and election of officers. All officers and members please be present.

Kay Satterwhite, H. Q. Deane Perkins, R. C. IOOF Neapolis Lodge No. 153 meets every Tuesday, 8 p.m. Regular lodge business May 22. Visitors always welcome.

J. R. Ramey, N.G. H. Jett, F.S. Sedalia Chapter No. 57, O. E. S., will meet in stated meeting Tuesday, May 22, at 8 p. m. Visiting members welcome. Degrees. Doris Stott, W. M. Irene Alquist, Sec'y.

Regular meeting of the Sedalia Lodge No. 125, B. P. O. Elks Wednesday night at 8 p. m. Initiation. All Elks welcome. G. R. Moore, Exalted Ruler. E. M. Brown, Secretary.

Western Horsemen Special Meeting Wednesday Night

The Western Horsemen Club will hold a special meeting Wednesday night, called by J. D. Gregory, club president. The meeting is to discuss last minute details of the show to be held Sunday May 27.

All members of the club are requested to be at the riding arena. Several local members attended the show at Odessa Sunday and placed in various events.

Mrs. Velda Rick, third place in the Ladies Pleasure Class.

Max Hardin and J. D. Gregory, third place in the Pickup Race.

William Williams, second in the Clover Leaf Barrel Race, riding "Rat Trap" owned by Mr. Rich.

Dale Dirck was second on the Stock Horse Class.

Braves Meet 'Bums' Tonite, Ebbets Field

By ED WILKS
The Associated Press

The Milwaukee Braves and the Brooklyn Dodgers, each with a slew of slumping sluggers but right in the thick of the congested National League pennant race, get a chance tonight at Ebbets Field to see how the other guy has managed to stay healthy.

Manager Charlie Grimm's Braves, the NL leaders on a percentage basis, are batting a respectable .276 as a unit as they open the two-game set with the Dodgers, yet only Billy Bruton is hitting over .300. And Billy's away ahead of his mates at .394.

Yet the Braves have managed to hold a slim edge over the St. Louis Cardinals, who are tops in hitting at .285 and have the likes of Rip Repulski (.404), Ken Boyer (.365) and Wally Moon (.355).

The Cards won the only game in the NL yesterday, beating the New York Yankees 4-1, but still are 19 points behind the Braves.

In the single American League game, the New York Yankees defeated the Kansas City Athletics 8-5.

St. Louis' victory edged them ahead of the Brooklyn Dodgers, who despite a lackluster .250 team batting average are but seven percentage points behind the Cardinals. Which may explain why Manager Walt Alston can contemplate his world champions philosophically.

"There's little we can do about the fellows who aren't hitting except be patient and wait for them to come around as Snider did," says Alston. "They'll break loose eventually."

Vinegar Bend Mizell, going the distance for the first time this season, got the Giants on a four-hitter for his third victory against two defeats. He had a two-hit shutout until Don Mueller's homer in the seventh.

Kansas City managed to out-homer the Yanks 4-2, but finally gave way to a 450-foot home run by Mickey Mantle. It was his 16th.

The Yanks scored five runs in the first, four of them unearned. Gil McDougald hit the other Yank homer as Tom Sturdivant won his first in relief. Harry Simpson swatted two of the A's homers. Hec Lopez and Gus Zernial got the others.

Jerry Weld Wins At Sweet Springs, Still Is Unbeaten

Rain put a damper on the Sweet Springs Memorial Speedway last weekend, but not until several events were completed. The "B" feature race of the evening had to be cancelled when enough water fell to make the track too slippery and dangerous to be used.

The apparently unbeatable Jerry Weld scored his second clean sweep in the jolopy races scoring decisive victories over Jud Larson in the A-Feature event. The finish of that event went Weld, Larson, Milbourn, Vann, Cruickshank, Gray Knight, Phillips. The time of the run 6:52.47.

Weld also out ran Larson in a four lap event, an added feature, with Dave Milbourn, another favorite crossing the finish line third. No time reported.

In a match race between the two favorites Weld took that in 1:22.85. In the C-Feature event the finish was Cruickshank, Vann, Lilly Knight. No time recorded.

Weld also won the dash event followed by Phillips and J. Allen. No time recorded.

Three heats which were run: 1st heat: Weld, Gray and Cross, time 3:04.77.

2nd heat: J. Allen, Milbourn, and Scott, time 2:57.06.

3rd heat: Phillips, Larson, Dub Allen, time 2:54.09.

Industrial League Began Monday Nite

The Industrial Softball League got underway Monday night with two games being played. The opener was won by Hamm's Beer over Tom's TV 11 to 3 and the second by Griesedieck Beer over the Moose Club 24-14.

Although the score was one-sided in the opener did not necessarily mean it was an uninteresting game. Runs made by Hamm's were scattered through the six innings while Tom's scored in only two of them.

The winning pitcher Steyr, gave up but three hits and the losing hurler Walker donated 10. Eschbacher and Smith both hit circuit drives.

The line score:

Tom's TV 020 100 0-3 3 5
Hamm's Beer 202 131 9-10 2

In the second game of the evening GB Beer had a field day, but not alone as the teams went on scoring sprees. The Griesedieck aggregation trailed until the sixth, after losing the lead in the second inning.

In the sixth they pounded out hits for runs to tally eight and take over the large end of the score and held tight through the game. They led 5-0 until the bottom of the second when the Moose scored seven runs, added four in the third and one in the fifth.

During the game the strong winds blowing made catching in the outfield difficult and numerous errors were made. Kirkpatrick started for the winners but was relieved by Birdsong in the third. Young went the route for the Moose.

Line score:

Griesedieck 410 228 7-24 14 12
Moose Club 074 010 2-14 10 12

A special meeting has been called by the League for Wednesday night at the Jefferson School. All interested and especially the managers are urged to be present.

Matters of importance concerning the running of the concession stand and other rules are to be discussed.

Those who fail to attend have nothing further to say concerning these subjects. Decisions are to be made at this meeting and they will be final.

The schedule of games for Tuesday night are Meadow Gold vs. Odd Fellows at 7 p.m. The second game will be between the Jaycees and Jolly Welders at 9 p.m.

BOWLING

The first round of the Tournament of League Champions was rolled Monday night at the Sedalia Bowling Lanes. Five-league team champions participated and it is hoped that this can be an annual affair with all champions taking part.

A red hot James Electric team of the Friday Minor League blasted the pins for a tremendous total of 3,076 with substitute Ben Bennette leading the way with a 235 game and a 616 total. Phillips 66 team was second high for the night with 2,908 and will bowl James Electric this Friday at 8 p. m. for the championship.

Town and Country Shoes placed third with 2,867. Fowler Insurance team, winners of the Classic League, were fourth with 2,861, while the Falstaff bowlers, winners of the Business Men's League, the 1936 city tournament championship and ninth place winners in the Missouri State tournament finished fifth with a 2,844 total.

High games were rolled by Wes Murphy 245, Jack Vaughan 238, Ben Bennette 235, Louis Heurman 202 and 213, Dick Kaufman 216, John Bowman 205, Bob McCurdy 202, and Perk Dieckhaus 201.

SPORTS

FIGHT OR FLIGHT?—Michael McMurray of the Philippines Air Force came up from a crouch during an amateur bout in Manila and found his shoulders had taken El-Kyung-Huang of the Korean armed forces for a ride. It could be a judo jolt.

Notre Dame Is Unscathed By New Plan

GRAND RAPIDS, Minn. (AP)—Although Big Ten football coaches were vague about outside foes in a proposed conference round robin in starting in 1959-60, it was learned Notre Dame would not suffer in the revised program.

The conference coaches and athletic directors yesterday voted for a round-robin schedule within a 10-game slate, the outside contest to be optional.

This action awaits study by the policy-making faculty representatives in their session Friday and Saturday at Minneapolis with the Big Ten outdoor track meet.

While the nine-game round-robin schedule apparently would complicate the scheduling of traditional non conference opponents, it was learned that Notre Dame has commitments with four Big Ten schools through 1959 and 1960, and possibly a fifth conference school for the same period.

The four schools currently playing Notre Dame are Indiana, Purdue, Michigan State and Iowa.

Even if the faculty representatives approve the new-type schedule, an increase over the present nine-game maximum, as new legislation this slate must be considered by conference schools individually and any final action would be unlikely before next December.

At present, the conference football schedules are drawn through 1958 with a maximum of eight conference games and a minimum of six with an over-all schedule of nine games.

The new-type schedule was proposed by George H. Young, faculty representative from Wisconsin, who contends it will better determine conference championships and eliminate the present situation in which some conference opponents do not face others over a period of years.

Slow Drivers Target Of Highway Patrol

SACRAMENTO, Calif. (AP)—Drivers who creep too slowly down two-lane roads and those who hog the passing lanes of wider highways are going to be special targets for the California highway patrol.

Commissioner B. R. Caldwell said today, "There are far too many accidents caused by drivers traveling too slow and by those who persist in staying in the passing lanes illegally."

Lefthanders Make ERA Contest Tight

NEW YORK. (AP)—Righthanders Bob Keegan of the Chicago White Sox and Tom Poholsky of the St. Louis Cards paced the major leagues in earned run average today. But southpaws Whitey Ford of the New York Yankees and Don Ferrarese of Baltimore were making the American League competition a tight one.

Keegan, a 2-5 failure last season, has given up only two earned runs in 31 innings for the leading American League mark of 0.58. He has won two games and dropped one.

Figures compiled by the Associated Press also disclosed that Poholsky has permitted 11 earned runs in 43 frames to head the National League with a 2.30 ERA. Poholsky, who has pitched one shutout, has three victories as against two setbacks. His average would be no better than a tie for 10th place in the American League.

Ford has allowed five earned runs in 54 innings for an 0.83 earned run average. He's 6-0 in the won-lost figures.

A mild sensation despite his 1-2 record, Ferrarese is in third place with 1.16 on four untainted tilts in 31 innings. Don, who pitched a two hit shutout against the Yankees May 12, dropped a 2-1 decision to Cleveland and a 3-2 verdict to Detroit.

Ed Bartsch and Art Ditmar of the Kansas City A's rank nine and ten in ERA. Bartsch has buried 38 innings and allowed an average of 2.25 runs each 9-innings.

Ditmar in 47 innings has given up a 2.30 average.

Tigers to Use Ace Pitcher in Last Game With Kansas Jayhawks

LAWRENCE, Kan. (AP)—The Missouri Tigers planned to use their ace pitcher, Norm Stewart, today in trying to salvage the season's last baseball game at Kansas.

The Jayhawkers beat Missouri 10-7 yesterday, dealing a severe blow to the Tigers' chances for a Big Seven title. The defeat left Missouri with a 7-4 record in second place behind Oklahoma's 5-2 mark.

UCLA Suffers New Setback On Eligibility

VICTORIA, B. C. (AP)—The University of California at Los Angeles was reeling today from a new blow to its athletic solar plexus—an eligibility ruling by the Pacific Coast Conference which could wreck its 1956 football team.

The conference, which had put UCLA on athletic probation for three years at an earlier session, yesterday docked all players of the 1955 varsity and freshman football teams one year of eligibility.

There was only one exception. Those who can prove they received no "under the table" funds will be restored to full eligibility.

Actually the new blow started as a bombshell and wound up as a mere bombshell.

Dr. Joseph Kaplan, UCLA's official representative at the conference meeting, advised the eight other reigning professors that he was declaring every athlete at his school ineligible. UCLA had been ordered, when placed on probation, to wash its athletic linen and show the laundry ticket to the conference.

The conference decided the penalty was "too harsh" and only the football department should feel the whip.

The result was a resolution snipping off the year of football eligibility. Unless they can prove innocence, all 1956 seniors will be lost to the team. Young players can pick their penalty year.

Asked if he could field a team next fall, Coach Red Sanders said it was possible, "but the humane society might object."

There was a "gimmick" in the leniency clause for innocent graders.

A student can be cleared and restored to eligibility only if the conference commissioner is shown "the original records disclosing the names of those students who did receive" non-permissible financial aid.

Thus the innocence can be proven only by the disclosure of the guilty in the case.

Charles Insists He Will Keep on Fighting

NEW YORK (AP)—Ezzard Charles won't quit. A slow motion picture of the "Cincinnati Cobra" of old, the former heavyweight champion insists he will keep on fighting "as long as I feel good."

Charles had just lost a fight last night to Wayne Bethea, a pro only 21 months. He sat on a long wooden bench in his drab basement dressing room at ancient St. Nicholas Arena and talked about himself.

"I've got three apartment houses and I own two other houses," he said. "Without fighting I probably would get \$150 to \$200 a week. But to go into something like collecting rent isn't for me. I still want to be with it."

Charles, who will be 35 July 7, had no quarrel with the three officials who voted unanimously 7-3 for Bethea. Still he almost pulled it out with a right-hand punch that staggered Bethea in the 10th round but time ran out on him. He weighed 195, or 15 pounds more than when he won the title in 1949. Bethea weighed 199.

"It's even better than 'sweet-mash' bourbon"...

"Even smoother than 'sour-mash' bourbon"

The one and only "mellow-mash" bourbon...

Mellow Yellowstone

For over 100 years, people have been discovering something "new" in old Kentucky... a different bourbon, remarkably free of bite.

It has the best features of sweet and sour-mash bourbon. It's a step better—mellow-mash, the exclusive Yellowstone way of achieving full-bourbon flavor with light body.

THE ORIGINAL "NO-BITE" BOURBON
Distilled and bottled by Yellowstone, Inc., Louisville, Kentucky, Division of Glenmore Distilleries Company

Met Opera Star Defends Rock-and-Roll

By BOB THOMAS
HOLLYWOOD — Youthful addicts of rock-and-roll music received support from a surprising source today — Metropolitan Opera star Salvatore Baccaloni.

Here for his first Hollywood film role, the 5 by 5 Basso sounded off in favor of rocking rhythms that have been sending the younger crowd and exasperating their elders. "That's music?" ask the folks who have been reared on the more disciplined strains of Benny Goodman, Glenn Miller and others.

"Sure, that's music!" replies the lusty Baccaloni. "Anything that springs from the heart of the people is music, and that's what rock-and-roll is. It expresses the feeling of the younger generation. I like to listen to it myself."

"The trouble with older people is they won't accept change. Like when an American company was invited to play 'Porgy and Bess' at La Scala. Well, you should have heard the uproar. After all, La Scala was the home of Verdi and Puccini; they thought it was sacrilege to invite an American jazz opera."

"But when 'Porgy and Bess' played there, it was a tremendous hit. And why? Because people realized it was true music—it came from the heart of a people."

Baccaloni observed that rock-

Man Goes on Hunger Strike to Prove His Point at Monte Carlo

MONTE CARLO (AP)—Despite the attractions of jailhouse French cuisine, 60-year-old Jason Lee Jr. of Los Angeles has been on a hunger strike in a gamble to make his point that loaded dice don't pay off.

Lee and two companions, Philip Aggie, 39, and Ralph Shaker, 40, go on trial May 29 on charges of slipping loaded dice into a game at Monte Carlo's famed casino. They were arrested Feb. 21.

All three quit eating last week in an effort to win judicial approval of their plea to set up a demonstration crap table in court. They said they wanted to prove it is impossible to win "important sums" with loaded dice.

The investigating judge didn't fade them and the famed casino passed their proposal to use one of its tables.

Aggie and Shaker, also of the Los Angeles area, resumed eating after three days but Lee still held out yesterday. A doctor looked him over Saturday.

and-roll was nothing new. He illustrated with a few strains from "Don Giovanni" which proved that Mozart was a pretty solid sender, too. The singer added that the current rhythms also stem back to the barcaroles of his native Italy, which got their rock-and-roll tempos from being sung in gondolas. It figures.

ANNA HAS A VISITOR — Oscar award winner Anna Magnani, in nun's habit for a new film role, chats with actress Kim Novak on set near Rome after Cannes film festival.

Hal Boyle's Column—

Man, a Hunter in the Wilds, Places His Dog Above His Son

By HAL BOYLE
ANYWHERE IN THE HILLS, N. C. — I have a story I want to tell you.

It is a famous story here in the mountains, about how a man can put his dog above his son.

The old man was a famous hunter, and knew how to hunt the bear by day, the coon by night.

The coon is small but a terrible fighter. The bear, of course, is a hungry diplomat of the woodlands. But he is basically a wild animal. If you offer him food, and it isn't enough to make him full, he will hungrily and blindly reach toward you and scare you, too. He can't really help it. He is, after all, only a bear, a hunted animal.

But the man I am telling you about was a special kind of man. This man was not aware of the miracle of the pink surprise of mountain laurel, the purple thunder of massed rhododendrons, holding below them a wide-leaved green reserve.

He knew the splendor of the mountain flowers, and knew them by names—so many, many, different flowers, so sweet their bloom, so many rainbow-colored bursts of lasting beauty that even Shakespeare would have stretched his genius to outdo their country names.

The bloom of woodland beauty seized his heart, but all his life so did the pursuit of game—the

trout in the stream, the deer hiding in the hill, the coon trapped in the tree after a barking pursuit.

As the old man approached 80, his wife and one of his sons, afraid he might die alone and without dignity in the forests during a hunt, sold off his dogs.

The old man couldn't stand this, particularly the loss of a small black and tan coon dog named Trixie.

He told his boy who sold Trixie, "Son, you have lived with your paw too long."

The boy moved away. Later another son in the family died and the boy came back.

The father refused to sleep in the same house with him. He slept in the barn. As soon as the funeral was over, the father said to the boy who had sold his dog, "Son, it is time you moved on."

He never forgave his son for selling his favorite dog, even though the neighbor who bought Trixie for \$25 said, "You can hunt with her as long as she can work, and I'll tell you she'll have an easy death."

This is a true mountain story. Trixie is dead now and so is the old man, the everlasting hunter. I do not know what happened to the loyal son, who did only what he thought was best for his father. He probably works in a city, far from the mountains of home he remembers.

City Council

(Continued from page One)

\$100 for each such offense or violation.

Other ordinances given final passage were: repeal of an old ordinance defining the duties of the airport manager and establishment of a new one which defines the job of the airport manager who is to be hired by the airport board; curb and guttering for Park on the west side of the street from 14th to 11th and on the east side of the street from 14th to 12th; approval and acceptance of work done, materials furnished and improvements made on curb and guttering by W. C. Rayl and Son, on 14th from Lafayette to Washington; approval and acceptance of curb and guttering, work done, materials furnished and improvements made on Wagner from 16th south to the turn-around, by J. W. Atkinson Construction Co.; approval of the plat of the Keele First Addition; and letting the contract for curb and guttering on East Ninth from Ingram to Thompson.

Councilman Earl Paxton took the floor and asked the application of Robert L. Woodall for a license to sell liquor by the drink, which had been tabled at the meeting in April, be called back to the floor. He pointed out that he did not believe in transferring licenses. The motion was passed.

Paxton then explained Mrs. Lucille Mos, who operated the Henri's Tavern at Harrison and Main, had surrendered her license, and the other applicant agreed to be by-passed for the license so it could be issued to Woodall for the Missouri Bowl.

The Council granted the license. S. J. Timbrius, chairman of the Planning and Zoning Commission, read two statements to the Council. In the first one he submitted the final report of Hare and Hare, city planners, who were contracted by the City of Sedalia in October, 1954, to make a survey and study of Sedalia and make recommendations.

Timbrius turned in the report, along with maps, pictures and recommendations. He requested the report be printed for use by interested groups.

He also read another statement from the board on its association with Hare and Hare and the City Council, over a period of which many meetings were held with excellent cooperation.

Councilman Woodrow Garrison, chairman of the street and alley committee, read the budget request of his department and pointed out that the salary structure and the money to be placed at the department's disposal was much larger than any previous year. "People want to know where the automobile license, gasoline tax, and meter money goes. Well, from the three we collect \$135,000, which is \$4,095 less than our budget of \$139,095," Garrison said.

Continuing, he said, "The total labor bill of the department is \$76,900; materials and equipment total \$49,035. The traffic department, which comes under the street and alley department, costs \$5,160. Traffic associates, signs, materials, supplies, and other items total \$8,000, or a total for the additional department of \$13,160."

"The salary structure in this department is: engineer, \$550; engineer helper, \$225; street superintendent, \$350; six drivers, \$215; street sweeper driver, \$220; two operators at \$235, and two operators at \$220; four laborers at \$210; mechanic, \$225; summer labor, if needed, \$4,600; extra engineer's service, if needed, \$2,940; meter mechanic, meter inspectors (2), \$245 per man. I only wish we had the money to pay them more," Garrison concluded.

He also requested permission to purchase a front-end loader, which

was referred for a resolution to give the mayor the right to enter into a contract for it.

Garrison then introduced City Engineer E. V. Bishop, who gave the following statement on "Future Policy of Street and Alley Committee regarding streets":

1. City will not rock or oil any gravel streets.
2. All streets requiring major maintenance will be scarified, graded and rolled as per the judgment of the Engineering Department.
3. All complaints of lack of rock following the scarifying and grading will be requested to present petitions for additional rock. Rock will be placed under the 60 cent law.
4. All complaints on dust will be handled in a similar manner. When complaints are received every effort will be made to have the following explanation given to the property owners:

Correction of street problems can be achieved in the following manner:

1. The ideal is a concrete street with curb and gutter.
2. The next best is curb and gutter 9-inch rock base, hot asphalt surface.
3. Next best is a rock base and seal-coated surface.
4. Next best is the addition of rock to those streets deficient in base.
5. The next best is the oiling of the streets to lay the dust. (Items 4 and 5 to be accomplished by petitions.)
6. The remaining alternative is to leave the street in its present condition.

The policy was signed by the committee and city engineer.

Councilman Dr. Ira White asked permission authorizing the Southwestern Bell Telephone Co. to make necessary repairs on the radio tower by placing new guy wires on it at a cost of \$136 and to add a 12-foot length to the tower at a cost of \$18. The latter proposal is in lieu of installing a 60-watt power broadcast unit at a cost of \$200 per month. The request was granted.

He read a petition for lights on Plaza, Anderson, Stephenson, Southwest Blvd. and Wing Ave. in the Southwest Village Addition. It was referred to the Missouri Public Service Co.

Councilman C. L. Kelley then reported on the city budget. He reported it is the largest budget the city has ever had in its history, and pointed out the street and alley department budget is 41 per cent more than in 1955-56; the public park budget 75 per cent greater than last year. He reported a budget raise for city employees which is, he said, "still far below the standards of cities of like size. The fire department, sanitary department, street lights and fire hydrants, and police department budgets are nearly \$18,000 more than collected through property taxes and back taxes."

He moved the adoption of the budget and it was unanimous.

Councilman Harry Moore asked permission to buy one car of sand at \$100 and 55 gallons of brush spray at \$500. The request was granted.

The Southwestern Bell Telephone Co. requested permission to locate a telephone booth at the southwest corner of 16th and Grand. It was granted.

A letter from L. W. Satorius informed the Council there was a misunderstanding that he was still on the board of adjustments, and when in reality he had resigned. Mayor Julian H. Bagby presented the name of W. D.

THE SEDALIA DEMOCRAT—Sedalia, Mo., Tuesday, May 22, 1956

Smith as the member to take his place. The council unanimously approved the appointment.

A letter from Mrs. Lucille White, director, and Myron Lindquist, chairman of the clean-up, paint-up, fix-up committee of the Chamber of Commerce, was read thanking the city employees and city officials for their cooperation during that week.

The request of Mrs. Mary E. Martin to transfer a liquor-by-the-drink license from 211 South Ohio to 2505 West Broadway was again refused by the Council. Verill Martin, her husband, appeared before the Council and made the request, pointing out the necessary legal work had been completed in accordance with the city ordinance.

Councilman C. L. Kelley moved it be refused and it was seconded by Councilman Aubrey Case. It was turned down on a voice vote.

A resolution for curb and guttering on Prospect from Tenth to 20th was read and adopted. An ordinance for construction and asking for bids in Sewer District No. 125 was read for the first time.

As the last item of business Monday night, the ordinance restricting Sedalia wards and precincts was read for the first time.

The ward boundaries will be: First Ward—from the center of Broadway north to the city limits, the east boundary being from the center of Monticello to Clay, east to the center of Osage and north to the city limits.

Second Ward—west boundary is the same as the east boundary of the First Ward and everything east to the city limits; the south boundary is down the center of Broadway east to the Missouri Pacific tracks.

Third Ward—north boundary is from the center line of Broadway running from the intersection of Kentucky east to the Missouri Pacific tracks and the west boundary

is from the center line of Kentucky east to the city limits. Fourth Ward—the east boundary line is the center of Kentucky, and the north boundary is the center of Broadway west to the city limits.

The precinct boundaries will be announced in a few days.

Reversed Wreck

HOPKINSVILLE, Ky. (AP)—A car driven by John Browder, 42, wrecked a bridge instead of vice versa. The auto hit the side of a span and the railing along one side fell into a creek. Browder wasn't hurt and the car wasn't damaged — except for a blowout.

Says Healthy Persons Safe In Smoking

By ALTON L. BLAKESLEE
Associated Press Science Reporter
NEW YORK (AP)—Cigarette smoking doesn't harm the mechanics of breathing in healthy persons, and may even help, two Boston physicians said today.

But smoking usually does have adverse effects on persons with heart or lung disease, they said.

Preliminary results of the smoking study were described today to the National Tuberculosis Assn. by Doctors Ernst O. Attinger, research fellow in medicine, and Dr. Maurice S. Segal, clinical professor of medicine, Tufts University School of Medicine.

They measured the rate of air flow and air pressures in the lungs both before and after people smoked one or two cigarettes.

Normal persons showed no significant change in the elasticity of the lungs or in mechanical resistance to the movement of air on taking or expelling a breath. There appeared to be some improvements in certain aspects of lung ventilation, Attinger and Segal said.

But in persons with heart or lung ailments, there was usually an impairment of the mechanics of breathing. It might be only temporary, the physicians said.

Polluted air must take some of the blame for the soaring rates of lung cancer, although smoking may be related to the rise also, said Dr. Leonard Greenburg, commissioner of New York City's Department of Air Pollution Control.

There is good evidence that cancer-causing chemicals come from exhausts of autos and other engines, he said.

Nike Guided Missile Plant Is Dedicated

CHARLOTTE, N.C. (AP)—A multi-million-dollar plant for assembly of the Nike ground-to-air guided missile will be dedicated in public ceremonies here today.

The official name of the installation is the Charlotte Ordnance Missile Plant. Military authorities have estimated 22 million dollars have been spent converting the plant site, a former National Guard quartermaster depot. The plant is operated for the government by Douglas Aircraft Co.

Candidates Get Bargain in Election

LINCOLN, Neb. (AP)—Gov. Victor Anderson, Republican, and Frank S. Orrell, Democratic nominee, found the Nebraska primary last week a financial bargain.

Gov. Anderson, a first-term, reported to the secretary of state yesterday that his primary expenses were \$10. That is the filing fee.

Sorell reported he didn't spend a red cent. His name was filed by petition and the petition sponsors paid the filing fee.

KCU President Named Head of Institute

KANSAS CITY, Mo. (AP)—Dr. Earl J. McGrath, president of the University of Kansas since 1953, has been named head of a new institute to be set up at Columbia University in New York.

J. Roosevelt Denies Engagement Reports

LOS ANGELES (AP)—Rep. James Roosevelt (D-Calif.) denies that he has announced his engagement to Gladys Irene Owens, clerk in his Washington office, and to all inquiries he responds with a crisp "No comment."

Data on Pettis County Hog Herds Is Being Accumulated

The records below are on eight hog herds whose owners are co-operating with the extension office and the animal husbandry specialists regarding hog production data. The figures are not listed to compare individual methods of handling hogs or to compare breeds. All the folks are interested in a meat type hog and in the best possible return for their time and investment. This work will not be completed until these hogs have been graded at market time. In the meantime, the extension office would like to thank the following folks for their co-operation in this effort: Paul and Bill Stephens, Wilton Edgar of the Shelton farm, Frank Sellers, Stevens McClure, L. H. and L. E. Durley and Orin Chappell. The two purebred herds of Joe Bill Reid and Kahrs Bros. are also represented in these figures.

The above figures were presented at the hog tour last Tuesday. Stops were made at Stevens McClure, Orin Chappell and Frank Sellers. Two sets of figures were presented for each farm. The first line was regarding the representative number of litters that were taken as a sample. The second line represents the heaviest weighing litter at 56 days of age.

In speaking of the records Bill Pugh, extension animal husbandman, said, "We are looking for sows that will farrow and raise big litters of pigs. That ability is inherited but in order to select from the big litters they must be earmarked as we can't remember them. Actually more than one year's records are best on each sow. Comparative weights can be taken at 21, 35 or 56 days.

Clothing Plant In Tipton Gives Wage Increase

The Amalgamated Clothing Workers of America, AFL-CIO Local 260, and the Tipton Manufacturing Co. agreed to a 17½ cents an hour across the board wage increase plus other benefits in negotiations held here Monday, May 14.

Participating in negotiations were Saul Brodsky, owner of the firm from St. Louis, Harry Kolker, local plant superintendent, and Wilbur Lewis, assistant plant superintendent, William C. Hall, assistant regional director of St. Louis and Edward J. Bonitt, area representative, headed negotiations for the union.

Local union officers assisting with the bargaining were Edward L. Imhoff, president of Local 260, Elmer Springer, C. R. Nichols, John Verlinden and Goldie Blankenship.

Of the increase, 7½ cents will be retroactive as of March 1, five cents retroactive May 1 and five cents will become effective Nov. 1.

In addition to the wage increase the contract also calls for insurance and hospitalization for members and their families and a pension of \$35 per month for retired employees. The entire cost of the insurance will be paid for by the company.

The agreement also provides for six paid holidays, one and 2-week paid vacation plans, 2-hour reporting time and grievance procedure.

The Tipton Manufacturing Co., a trouser factory, also operates another plant at Salisbury and has headquarters at St. Louis.

The new union contract was ratified unanimously at a special meeting held at the City Hall on the night of May 14.

"We need an intelligent method of selection," Pugh said. Besides selecting for big litters we must select for type, for a good test line and we might do some production data. The figures are not listed to compare individual methods of handling hogs or to compare breeds. All the folks are interested in a meat type hog and in the best possible return for their time and investment. This work will not be completed until these hogs have been graded at market time. In the meantime, the extension office would like to thank the following folks for their co-operation in this effort: Paul and Bill Stephens, Wilton Edgar of the Shelton farm, Frank Sellers, Stevens McClure, L. H. and L. E. Durley and Orin Chappell. The two purebred herds of Joe Bill Reid and Kahrs Bros. are also represented in these figures.

A probe was used to check thickness of backfat on a market hog at McClure's. A gilt at 200 pounds should not have over 1½ inches of backfat and a boar 1.3 inches. With that combination, there is a good chance to get market hogs with not over 1½ inches of backfat at 200 pounds.

Some folks think meat hogs are poor "doers" but records show they are the best doers. Another false story is that some breeds have a corner on meat type. Actually there is more variation within breeds than between them. Pugh said many folks felt that they could not afford to ignore increased gains from hybrid vigor (crossing two breeds) so were using a two or three way cross.

In 1955, records were kept on over 800 litters of pigs in the state. These litters had 9 pigs farrowed and 8½ pigs weaned. The litters averaged 285 pounds and the pigs 35 pounds. The Missouri average pig weight is 25 pounds at 56 days. Some of the Pettis County records were well above these figures while others were below.

In conclusion, Pugh said we want a hog that will make 200 pounds in six months or less and with 1½ inches or less of backfat. It should cut a carcass with 29-31 inch sides that have 50 per cent of their weight in the loin, ham and two shoulder cuts.

If not enough feed is available to push the pig all the way to the market a good job of feeding should be done to 100 pounds. A good carcass will be made with limited feed from there out.

Don't feed over ¼ to ¾ pound of 40 per cent supplement per pig per day. All he needs besides that is corn and a mineral mixture of limestone and salt.

Will Hold Meeting On Egg Production At Bagby Farm May 25

A meeting on the production of high quality eggs has been scheduled at the Anna Bagby farm on this Friday evening, May 25. Mrs. Bagby's farm is located on the east side of Highway 65 about 6½ miles south of Sedalia and

1½ miles south of Anderson School. Walter Russell, extension poultryman from the University, will assist with the meeting which will start at 7:30. Mrs. Bagby has a "walk in" egg cooler with a refrigerator unit. Also to be demonstrated will be a "wind tunnel" cooler and a sand box cooler for a basement.

About six points will be covered in the discussion including (1) pro-

ducing infertile eggs, (2) avoiding dirty eggs, (3) gathering eggs, and (6) avoiding the blood spots. Some colored slices will also be shown.
